The Troublemaker

Synopsis

Bored and restless on a summer day, a little boy steals his sister's bunny and sends it on an adventure. He is well satisfied with the results until his own stuffed animal disappears. Could it be that he is not the only troublemaker around . . . ? A case of sibling rivalry is neatly resolved with the assistance of a hilarious raccoon in Lauren Castillo's warm, simple text and gorgeous classic illustrations.

Grade Level: Preschool - 3

Customer Reviews

Someone stole little sister's bunny and a bunch of other stuff. Little brother gets blamed for all the trouble but he swears he's innocent. Well, except for the time he tied Bunny to the boat in the water | Funny thing is, the sneaky little thief hides in plain sight on almost every page, giving readers with a keen eye for details the chance to solve the puzzle on their own. The delightful scene at the end shows that even though the mystery is solved, the troublemaker has other plans.

Brothers and sisters "little and big" will get a kick out of the mischief and mayhem in "The Troublemaker." And little troublemakers everywhere will feel vindicated.

My 4 year old looooves The Troublemaker! It's wonderful how each page of beautiful illustrations carries the story along by giving a little something extra that the words don't. The ending is a fun

surprise that, so far, hasn't gotten old. I definitely recommend this book!

My children ages 7,7,5, and 3 really enjoyed this book. We checked it out from the library and have read it 6 times already in 2 days. The twins enjoyed it enough to take it to school to share with their friends!

It's a short story. My daughter is seven and I had to go into another story at bed time since we made it through this one so easily. It's a good story though and she laughed at the end.

Great illustrations and Interesting plot twist but there are better storybooks out there.
