Customer Reviews

My 3-yr-old granddaughter loves the Hidden Pictures WITH STICKERS activity puzzles! They genuinely keep her entertained and engaged for hours, and each new page is a new adventure. We've tried the hidden pictures without stickers, but they simply can't compare with the extra level of entertainment the stickers provide. , by far, offers the best price and choice on these, allowing you to pick and choose among the individual books verses having to buy a set.

My son loves these, he is 4 but his cousin like to play with him up to the age of 12. The sticks and pencil search is nice for variety. We like him to use a crayon or pencil to practice writing (fine motor skill) but the stickers give him a break too.

So excited to get this for my 5 year old. He has a couple of these that are smaller that he received in the mail randomly and he absolutely loves Highlights Hidden Pictures. This book is much larger than I was expecting (meaning, more pages) and he is thrilled with it! Such a great purchase!

This magazine was a bit old for my 5-yr. old grandson, but once I explained the stickers for the hidden pictures, he was excited. He's still a little young and it will take awhile for him to go through it, but he was thrilled that he got the same thing his older brother got.

I have a 3- and a 4-year-old. They both LOVE this book. The 3yo did not get how to use the stickers, but the 4yo got it with some help initially. We've had this book for months, and each kid still gets it out at least once a week. Plenty of pages. This is a great activity for them to do alone, together, or with a parent. This goes with us to waiting rooms - helps pass the time.

our 4 year old really enjoys these books. the sticker pages are her favorite. we would highly recommend.

these are fun - my grandchildren are having alot of fun with these - a good quite time activity

Entertained my 5 year old during 2 very long plane flights. Worth the price!
