Age Range: 6 - 9 years

Grade Level: 1 - 4

Customer Reviews

I am a mother of three children and we own each "I spy" book and eagerly wait for a new arrival. My children are now, 10, 8, and 5. These books are truly our favorite and they are not just for the young. Each picture makes them think, explore, and problem solve all on their own in a very different way. Each night at story time they all pick a book mom reads and then a book they read, then we always end up doing an entire I Spy book together. We spend this great quality time together as a family group. Now that I write this review from far away at a conference with grown adults, overly stressed. I went back to my suitcase for the I Spy Treasure Hunt book, which is my favorite of them all. This has broken the ice and released the stress and I cannot get my book back!!! Thank you Walter Wick and Jean Marzollo for the many many hours of enjoyment you have allowed my family to experience!

I didn't pay much attention to the "I Spy" books until I bought one for my niece. I thought it was strictly a children's book, and I only bothered looking at it to make sure it contained nothing objectionable. Ten minutes later, *I* was hooked! So now I have several for my 3-year-old niece and several that I'm "holding" for her. "Treasure Hunt" is my favorite "I Spy" because the pictures relate to each other and when followed tell a story. "Spooky Night" also does this. The rest just seem to contain pictures that follow the theme given in the title but don't relate to each other. The challenger books don't have original pictures; they use the pictures from the themed books and give them new, supposedly harder, riddles. In my opinion, the earlier books are the easiest and the later books are quite a bit harder (and maybe more suitable for older "children"). I personally prefer the themed books to the challengers and the later books to the earlier, but I heartily recommend any, or even all, of the "I Spy" books.

I think the I Spy Series is Wonderful and Treasure Hunt has great pictures. My only negative is that the age range listed in is wrong, and even the 4-8 age range usually listed for this book should be a little higher, like 6-8. I have to admit that I have a hard time finding the pictures, so my 4 year old gets frustrated with this one. I think the Picture Riddles is a great one for 4 year olds to start with.

We own six of the I Spy books and love them. My children are not young, 19, 17, and 10 and yet we all love searching and doing the extra riddles in the back. We particularly love how all of the pages are interrelated in this book. But where is the ruler on the shipwreck page? We are still looking! A great fun book for everyone.

I picked this book out because of the beautiful photography and the clever way objects were inserted into miniature settings. The 12 pictures in I SPY TREASURE HUNT are beautiful and fascinating to pore over. Sometimes the photographs are a bit blurry or hazy, though, which made me wonder if I was missing something. I wasn't always sure what I was looking for. Or you only see a tiny part of the thing you're supposed to find. And the extra credit riddles need to be on a foldout page so you can refer to them without flipping back and forth. Still, it's a beautiful, clever book and a lot of fun.

I HAVE NUMEROUS "I SPY" BOOKS. MY THREE KIDS AND MYSELF LOVE THEM ALL. THEY ARE SO MUCH FUN...INDIVIDUAL OR FAMILY FUN. ONCE YOU START, IT'S HARD TO PUT THE BOOK DOWN UNTIL YOU FINISH THE LAST PAGE. HIGHLY RECOMMEND FOR

EVERYONE OF ANY AGE!

My 4 year old loves I Spy books. We have the challenger and the school one. I got her this one for a trip. Oddly enough this one seems a bit harder than the other ones she has. Plus the pictures aren't near as bright. I'm assuming that is due to them wanting it to look antique or older, but it is hard to see on a lot of the pages. Not my favorite i Spy.

I Spy books have been around for a very long time. I grew up reading these books. They're suitable for all age groups. What you do is find the objects listed on the bottom of each page. Some are easier than others. This is a great gift and can entertain you for hours.
