## Customer Reviews

MAD LIBS are awesome! Had them decades ago when we were kids and it's great to get some for my 8 year old daughter now. We've been having a blast doing them and keep buying more. If you're considering them, go for it. You can even use the pages more than once if you kinda write small and leave room. They're educational and inspiring. My daughter and I love to do them with Daddy and she even sometimes likes to make her own. Great for learning and inspiring creativity. Totally worth it!

Mad Libs...fun when we were kids and our kids (6 and 8) love them even in a digital world. I keep one in the car and my son loves filling them out with me during a car ride...ideal for 10-15 minutes trips. I like that it helps him learn criteria for verbs, nouns, adjectives, etc., forces him to try and spell

words he might not know, and then gets to read back the finished story. He loves the off-the wall stories we come up with.

This was my kids first interaction with mad libs. They absolutely loved them. This kept them busy while in the car during our vacation travels. They couldn't wait to get some new ones once these were finished.

Mad Libs are a thing from my past that I am introducing to my kids. It's fun for all ages - yes, even the grown-ups have fun with them - and I love anything that can produce a genuine, belly laugh from my kids. No wires, cords, plugs, or TV's needed. Great in the car on long trips! Good old fashioned fun for a low price. Will get more as we use this one up. Oh, and that won't be very soon because they've created a way for you to do each one more than once. Priceless!

We LOVE Mad Libs! I loved them as a child. When I asked my daughter about them, she didn't know what they were. So I bought her this one and one other. She has had so much fun with Mad Libs with her grandparents and friends.

I've always liked Mad-libs and this is another okay version of their works. Fun for in the car and on the go -- or on a rainy day in the hotel room! They are just nice to have on hand for any lagging moments.

Loved mad libs as a kid, now I share with mine. Great for waiting in restaurants or stuck inside on rainy days. Keeps my kids occupied and not fighting. Also reminds my young learner what a noun, adjective, etc is over the summer.

Providing a list of words to insert in the various places is helpful for under-4 yr olds, but after that it actually makes the kids sometimes insert a boringly correct word rather than a really "mad" one.
