My Great-Aunt Arizona

Synopsis

Reminiscent of the books of Laura Ingalls Wilder, *My Great-Aunt Arizona* is an inspiring tale rich with history, family, and artistry. Based on a true story, author Gloria Houston's joyous recounting of her great-aunt Arizona's quiet yet meaningful life reminds us of the special place a great teacher can hold in our heartsâeven after we've grown up. Arizona was born in a log cabin her papa built in the Blue Ridge Mountains. She grew into a tall girl who liked to sing, square-dance, andâmost of allâread and dream of the faraway places she would visit one day. Arizona never did make it to those places. Instead she became a teacher, helping generations of children in the one-room schoolhouse which she herself had attended. Supports the Common Core State Standards.

Customer Reviews

My Great Aunt Arizona by Gloria Houston, and illustrated by Susan Condie Lamb is a true tribute to teachers everywhere. I have seldom been touched by a book for young men and women as much as this one. The story is simple, but it is one of the most sincere works that I have seen for some time now. The author's Great Aunt, Arizona Houston Hughes was born on Henson Creek in the Blue Ridge Mountains. She attended a one room school house and from the very start, dreamed of visiting far away places and seeing wonderful sights. The story follows the little girl, Arizona, as she

grows from a young girl to a woman, a wife, mother and teacher. Yes there were hardships, obstacles placed in front of her, but her obvious determined spirit prevailed. Through sheer stubbornness and will, Arizona does indeed receive her teaching certificate and begins her life long teaching career teaching in the little one room schoolhouse where she herself attended. The story follows the author's aunt through marriage, the birth of her child and her final retirement from a profession in which she excelled. Mrs. Arizona Houston Hughes ended teaching several generations of fourth grade students and having a great impact on their lives. She lived to the age of 93. This is a well written work. The author's low keyed, yet precise and poetic prose is almost hypnotic at times. You feel and see what the young teachers feels and sees; through her eyes and the eyes of those around her and knew her. Her wish to see far away places was never actually fulfilled literally, but was fulfilled through the wonderful gift of knowledge, curiosity and wonder that she was able to pass on to her many students. The illustrations in this small work are wonderful and perfectly executed.
