Customer Reviews

I was very pleased with this songbook. My family enjoys Mr. Rogers' Neighborhood, and I was happy to find this book so I could play the songs at home. The arrangements are easy enough for a very beginning pianist to play and still sound good; yet a more accomplished improviser could easily embellish on the notes provided. The book contains quite a number of songs, so the musician and fan alike can find plenty of his or her favorites. We recommend the book!

Fred Rogers' songs rang in my head while I was raising my children, and I knew they provided excellent parenting advice: "I like to be told when you're going away" "Sometimes people are good ... but the very same people who are good sometimes are the very same people who are bad sometimes," and "When the baby comes to your house . . . you'll always be the oldest one." What

surprised me was the musical fabulousness of his arrangements -- not humdrum, but intriguing harmonies, sparsely scored, with just enough notes. As a former piano teacher, I can say that these arrangements are suitable for those with one year of piano and more fun to play than most beginner piano scores. Get them for the words, get them for the music -- you'll be glad.

I am so grateful for the simplicity, kindness, and love that each and every song is made from. They cover a range of feelings and topics and are entertaining and stimulating for a child. Too much of what passes for children's education today is ridiculous nonsense specifically designed to get your kids attention, and it does but they aren't taught anything (other than maybe rudeness) in the process (think sponge bob). People may applaud Dora but I think Mr. Rogers songs teach something more meaningful.

I have been a fan of Mr Rogers' neighbourhood ever since I can remember and now my daughter is too, we both love the songs and we sang them with every show.. it was great when she started learning the piano to find a piano book that has all the songs that we both love so much.. she's 7 and has been learning for around a year and she can play some of them and is working on the rest.. we both love this book!

The songbook came very quickly as I waited with baited breathe for it! It arrived in mint condition, as was promised on ! I am very pleased to have it and look forward to playing and singing the songs for and with my grandson, who is 3 yrs. old!

As a grown-up fan of Mr. Rogers, and a pianist, I'm enjoying this book tremendously. The music is simple enough for beginners and all verses are included for each song. The music is very calming and a pleasure to play when I want to escape everyday cares and slip back into a simple time of life.

I bought the Mr. Rogers Song book when my children were growing and I now have sent one to my grand child. He loves it, too!

Perfect for a grandma to share and teach a grandchild on the piano.
