Customer Reviews

I purchased this for myself while away at college to use when I was bored. The coloring book is HUGE, and I love that it features an array of the Disney Princesses. It is an awesome value for the price and I definitely recommend it!

It has beautiful pictures of the most popular Disney stories, puzzles to do and color, and stories in the back. Wonderful.

This is a thick (average in height and length) coloring book which includes both coloring pages and activities. It features the princesses (Cinderella, Aurora, Belle, Jasmine, Ariel, and Snow White), their princes, as well as other secondary characters. My only disappointment was that from the pictures online, it seemed like the quality of the paper would be better (pure white, non see-through) but the pictures on the back of the pages were visible from the other side and it is printed on normal coloring book paper.

I wasn't sure which book to order and I got four: 1) Dreams Come True Forever, 2) Perfect Princesses 6 books in 1 with over 50 stickers, 3) Princess Ultimate Sticker Collection, and 4) Wishes and Dreams with over 1000 stickers. If you are just shopping for a coloring book with Princesses and do not have idea what they contain, check my detailed review with pictures under the listing of each of the above books, so you can make your decision wisely. I had a good feeling about this Dreams Come True Forever 5 books in 1 and it was cheap. However upon receiving first thing I noticed is that pages are not white, they are cheap, thin, flimsy, the color is sort of grey like a cheap magazine pages. Not nice for coloring at all. There are beautiful pictures though and so many of them. Plus games. This is a 3 star book based on quality, but gets 4 stars due to the \$2.76 price tag. It features:- Cinderella (17 pages);- Sleeping Beauty (10 pages);- Snow White (15 pages);- Beauty and the Beast (10 pages);- Jasmine (10 pages);- The Little Mermaid (17 pages); The rest of this book (142 pages) contains crosswords, games, some more pictures for coloring with one worded stories. All with Princesses of course. Printed in the USA, but looks like printed in China. This book however is better than similar and more expensive Perfect Princesses, if you are considering between the two. My personal suggestion however is, that it is worth upgrading to the Wishes and Dreams coloring book with over 1000 stickers. It is really much, much better, pages are thick and white. It has less pages, but since they are of a better paper, the difference is not as much as you would expect looking at only number of pages included. Wishes and Dreams is a nice overall quality product and you won't feel ashamed giving it to a kid. Opinion is strictly my own, I am not affiliated with sellers and I paid full retail for each of the books.

My 3 year old daughter is all about Disney Princesses these days and she also loves to color. We go through so many coloring books so I was happy to find a jumbo Disney Princess coloring book online. 5 books in 1 with all of her favorite Princesses! There's Ariel, Cinderella, Jasmine, Belle, Sleeping Beauty and Snow White. Lots and lots of pages to color and some activity pages as well. My daughter was so happy to receive this coloring book, she was excited to look through the pages at all of the princesses before starting to color. I enjoy coloring with my daughter and I'm also a fan of Disney Princesses so this is a win win! This coloring book is a steal on , great price for an awesome coloring book!

Written by a 10 year old I got this coloring book used at thrift store. I think I got a pretty good deal on it too! It is five coloring books in one! It is a very fat book. I feel like it has 500 pages! I don't know it probably doesn't. It has pages to color, word searches, mazes, puzzles...and more! The book

features each princess. It has no downs either. Here try a sample page!

This was purchased as a stocking stuffer, and is a great value for the price. The little princess I bought it for is using it as something fun to help her learn to read, and also allows her to be creative at the same time. This + a box of crayons or other colorful writing utensils provides hours of fun.

My daughter loves Dinsey princesses and received this as a birthday present. Since she's still three she isn't the greatest at coloring, but I don't feel that this coloring book was a waste of money. We tend to get the cheapest coloring books possible since it takes her little to no time to color each page, therefore the book is finished quickly. This book is huge! All the pages have something wonderful to color or work on. The age range is spot on, my three year old can't do all the workbook stuff, but I'm sure she'll try when she's ready. Recommend this book far above the crayola color wonder princess book (which is what everyone else gives her)!
