Flower Spirits 2014 Mini (calendar)

Synopsis

One of only a few radiographic photographers practicing today, Steven N. Meyers uses x-ray photography to capture the texture and details of flowers in invisible light. To obtain these effects, invisible to the human eye, Steven uses supersensitive, large format film. His luminous images have been enhanced with digital color.

Customer Reviews

Every year I order flower spirits for my bedroom, I am a flower-a-holic and nothing is like this look at flowers! Its like seeing a flowers "bones" and surprises me every month. I also bought the coffee table book a few years ago with all the past calenders compiled images. AND DIY idea; cut favorite images and frame or decorate something and decopauge....beautiful!

I needed a small calendar for a small area at my desk. I've always liked the full-sized calendars of the x-rayed flowers so gave this a try. It does what it was intended to do, but I think I will stick to the large calendars when I'm interested in the artwork.

nice, graphic details of flowers, beauty of flowers revealed in a different lightgood size for a home studynice weight of paper. There is no hole perforated on top to hang it from, you have to make a pinhole yourself.Perhaps that omission was purposely done for people who buy this calendar to frame the prints.enjoy!

I find these images fascinating. Being able to see the structure of the flowers is a rare opportunity. I had a black and white calendar several years ago, and I don't find the color to be distracting. Enjoy!

This calendar is the perfect size to hang up near my desk. The pictures are beautiful and the layout of the days in the month is simple, complementing the art beautifully. This is the third year I've purchased this calendar and look forward to enjoying this series of calendar in years to come.

I am not a fan of huge wall calendars at all. This is the perfect size with beautiful pictures. It serves its purpose well and I love that they don't take up too much space so I can actually store them away if I ever need to refer back to old appointments or important dates.
