I'm a T-Rex is currently one of my Munchkin's favorite books. There's no real plot. It's simply a T-Rex explaining what he is - a big, ferocious, fighting, yet loveable T-Rex. The story has enough rhythm to make it fun to read and, when read aloud, my daughter and I have fun yelling the line "I'm a T-rex". In addition to having some very cute pictures, the book gives actual information about the T-Rex, including where he gets his name, how and when he lived, and some of the other dinosaurs that lived back then. My daughter is a beginning reader and loves reading this aloud to other people. And enjoys the look on their faces when she reads words like Cretaceous. This book is a winner!

My three year old likes this story, although he prefers the monster truck story. It describes a t rex, big and stomping around, menacing other dinos with his sharp teeth. At the end, it turns out this big t rex is just a baby with his mama t rex.

What a fun book to read over and over, especially when you promise to read it again after your two-year old eats like T. Rex! Great for improving a toddler's food intake. You can't beat Little Golden Books anyway!

these small books are super cute- just the kind of book you could take with you in a diaper bag to keep kids occupied at a moments notice. I bought a large quantity and used as favors for my sons party.

This book is so fabulous. It has been read so often, that the famous golden spine is wearing off. It has spawned a love affair with dinosaurs. My son, Benjamin will eat his entire meal because of the way the T-Rex eats in the book. It is clever, and the story line is easy to follow, educational, and the pages are short- perfect for less than stellar attention spans!

Gave this as a gift for a 2nd Birthday to my best friend's sweet little guy, along with a model T-Rex. He LOVES it! Everytime we're over there he's got the book or the dinosaur (or both) in-hand and is begging for the book to be read.

This is a super cute book. It has a fun rhyme while also teaching fun facts! Most people have held a golden book to know that it's hard cover with paper pages. Young children intrigued by dinosaurs would LOVE this book!

Loved this book! It arrived on time. Bought it (along with 2 other books & a stuffed dinosaur) as a birthday gift for my 3yr old nephew & he loved it! My 7yr old wanted the books too so I might order for him too.
