Originally we rented this book in our local library. My toddler was instantly in love. 2 of her favorite things together in the same story Ice cream and cats. The story is short enough to keep your 2 or 3 years old attention. We had read this many times. The pictures are so details according with the story. We read this book over 30 times on the same week. And O can wait for our copy to arrive from so we can read this 100 times more...

Here comes Splat the Cat again but this time he and his friends are going to visit an ice cream

factory. After Splat, Plank, Spike, Kitten and Seymour (the mouse) loaded up on the yellow bus for their field trip they got to the ice cream place where Mr. Jellybean met them at the door. They were suppose to get a tour but he led them into a classroom with desks and chairs! Oh, No. As Mr. Jellybean proceeded to tell the four cats about how ice cream was made, Splat got drowsy with boredom and leaned against a button in the wall. Well, alarms went off and lights flashed. Ice cream started pouring out of a huge pipe and flooded everything with delicious yummy goodness. The cats started licking off all the ice cream and then realized that they couldn't find Seymour. They started shoveling and shoveling the ice cream (and eating the ice cream) and calling for Seymour who had found refuge on a beam and couldn't answer them because his mouth was full of whipped cream! Because Splat, Plank, Spike and Kitten had done such a wonderful job of cleaning up the factory, Mr. Jellybean offered them each a dish of ice cream.....do you know what they said????? This is a You Can Read book and a fun read for the beginning reader and I find that children like to have it read to them, too. There is action and fun all around. This is based on the best selling books Rob Scotten with the art work of Robert Eberz. who did a great job with the kitten's expressions. Now looking forward to Splat's other adventures!

Splat the Cat is great. We have many of the Splat the Cat books. My son really enjoys reading these with me. The story is fun and I really like how they have the word section at the beginning. I think these have helped to improve his reading skills.

We picked this up at the library for my 3-year-old who loves cats. By the time we returned it, she almost had it memorized and could "read" it to me! So yeah, she loved the story. I think there are some words that will be challenging for a true beginning reader but it's great for reading together and a fun, cute story!

My six -year-0ld grandson loves this series and continues to become more and more confident because the I Can Read series is perfect for emergent readers. The books arrived promptly after I ordered them and they were in excellent condition.

My son loves Splat the Cat books and this one did not disappoint

Great for early readers! My second grader enjoys this series :)

These books are awesome. Great for that little one that is learning to read. Although, I would have liked to see the print just a bit bigger in some places.
