## Customer Reviews

Super Noah loves to read & Fly Guy is one of his absolute favorite characters. We discovered the Fly Guy series by Tedd Arnold while visiting our local library last year. Super Noah, who was just starting 1st grade, was able to read these books all on his own. Listening to him read, laughing hysterically, it was music to my ears. And now, a year later, we own every book in the series & Super Noah still loves Fly Guy. If you are not familiar with the Fly Guy series, it's a super sweet story about a boy named Buzz, Buzz is trying to find himself a new pet. Once Buzz & Fly Guy meet, so begins a beautiful relationship full of adventure & giggles. A fly as a pet you ask? Well, you will have to read the books to see where that leads (: Yes, I admit, Superdad & I find ourselves laughing along with Super Noah during reading time. We too love the Fly Guy series. Another fun Fly Guy adventure. This story is quirky and funny and keeps young readers engaged. This is a good choice for kids who want a laugh while reading or who struggle to find something they are interested in. This is also on the school AR book list, along with the other Fly Guy books in this series.

We all love Fly Guy! Thank you Mr. Arnold. (Sorry, I am copy/pasting my review to several Fly Guy books, but there is not much to say about them, they are just fun for the whole family. We all love Fly Guy books!)

Truly amazing what little ones want to read. My 4 yr. old grandson loves this series as they are so colorful, easy to read and will send them to my PC or kindle or iPad kindle app in a wink. TheChildren love this to, wanting to know how they send the books so quickly. The 6 yr. old has started to read them as we'll. Thanks so much!Sunshinedays99@yahoo.com

The book itself is great, but I like our kindle to be able to read the book to my young son. The author appears to have it disabled, which is a HUGE dislike for me. As it is, I buy a hard copy, PLUS a kindle version... but if my Kindle can't read the book, I won't be buying any of them.HUGE disappointment for me.

Tedd "The Second D is for Disgusting" Arnold delivers with this twelfth book in the Fly Guy series, THERE'S A FLY GUY IN MY SOUP. In this thrilling episode of the series, Buzz and his family go on a vacation and head downstairs to the restaurant to enjoy a yummy meal. Fly Guy heads outside to find himself a meal, but zany things happen! Fly Guy heads inside for a salad, but he realizes he needs a bath. Where else might a smart little fly bathe but a bowl of soup. Shenanigans follow, and pretty soon the whole restaurant and everyone in it is covered in soup and other food items. At least the hotel has a pool. This one isn't the best in the series, but it does the job. Kids are likely to love it.

I've ordered or picked this book up four times now. It's my 17 month-old boy's favorite book of all-time, so far. He keeps trying to turn the pages and ends up ripping them a bit. We buy new copies when the old ones have too much wear to be useable. We'll stop when it stays perfect.

My son is in first grade. He is a little behind in his reading level, but these books are great for him. He thinks they are so funny. The stories are simple, but interesting. There are only one or two sentences on each page.
