Customer Reviews

This is a bit of a review on all the books and I may unintentionally add spoilers for the new prophecy. I think these are the best books, though I find they are quite similar to my other favorite, Harry Potter. For example, graypaw (ron) is best friend to newcomer firepaw(harry). they are later joined by sandpaw(hermione) who they previously didnt think much of. there is a traitor among them, tigerclaw (profesor snape) though there leader bluestar (dumbledore) is much too trusting. eventually this trust costs bluestar (dumbledore) much more than their honor. If you have not read the Harry potter books, i highly recomend it if you like the warrior series. IF YOU HAVE NOT READ THE NEW PROPHECY BOOKS DO NOT READ FURTHER I didn't much like how in the new prophecy it was told mostly from brambleclaw's point of veiw. i much prefered firestar and now firestar seems at

times as distant and unemotional as bluestar did. without firestar as the teller of the story, graystripe seems to be unfair and bossy. i realise that as leader and deputy, the two have more responsibilities than before, but this would not have changed them so much. And another thing I would like to point out, when tigerstar (tigerclaw then) was found out about, the only cats bluestar trusted were whitestorm and firestar (fireheart then) whitestorm was experienced, loyal and forest born. WHY DIDN'T BLUESTAR CHOOSE HIM AS DEPUTY??? Why? Because it wouldn't have made a good story. But when you look at it sensibly then you realise who the deputy really should have been. I am not a reader that cries easily. But in these books I felt like my eyes were constantly wet.
