Mysteries According To Humphrey

Synopsis

EEK-EEK-EEK! Mrs. Brisbane is missing! Humphrey has always investigated things, like why Speak-Up-Sayeh was so quiet and Tall-Paul and Small-Paul didn't get along, but this is a true mystery--Mrs. Brisbane is missing! She just didn't show up in Room 26 one morning and no one told Humphrey why. The class has a substitute teacher, called Mr. E., but he's no Mrs. Brisbane. Humphrey has just learned about Sherlock Holmes, so he vows to be just as SMART-SMART-SMART about collecting clues and following leads to solve the mystery of Mrs. Brisbane (and a few others along the way). Nominated for twenty-four state awards and the winner of seven, the Humphrey series is a hit across the country.

The Humphrey books are one of my favorite elementary grade series. The books are always well written and are just perfect for elementary students. They are a quick read and make an excellent class read a loud. Students will be entertained by Humphrey's antics. Adults will appreciate the lessons he teaches (and students won't mind either as the lessons are relayed in a very kind friendly way). Kids who are just getting into mysteries will enjoy the mystery of the missing teacher in this latest installment. Adults will enjoy the interesting ideas Birney has for teaching. All in all, as

Humphrey would say, this is a book that everyone will LOVE, LOVE, LOVE!! highly recommend this book (and the whole series) for elementary library collections as well as classroom collections. Recommended as a read a loud for 2nd grade and up. Recommended for independent reading: 3rd grade and up. AR Reading Level: 3.8 Mrs. Archer's rating: 5 of 5!

My 6 year old loves this book. I've been looking for chapter books for her to read, because she's required to read 20 minutes a night for school. I've been a little frustrated with so many of the books with bratty or smart aleck kids. I've read parts of this with my daughter and I love these books. Humphrey is always helping children and trying to get them to all get along.

How can you not love Humphrey??? :) I've been reading these books with my daughter and son for years and we all enjoy them! The audio versions are fun too! My six year old will happily turn off his video games and play in his room with Legos while listening to Humphrey!! :) Great stories for any school age kids!!

I have never personally read the Humphrey books, but my 11 year old son has been reading them for years now. He loves them all!! I would definitely recommend them to animal loving kids that like to read.

We listen to Humphrey on audio, read the regular books, read the Tiny Tales, check the website, and follow him on Facebook! Humphrey is a wonderful series to read to 1st - 4th graders. Teaches so many lessons without being overly sappy. And he's cute and funny!

Several of my 5th and 6th grade students enjoy the adventures of Humphrey the Hamster, so they were excited when I added this addition to our library's collection! *Mysteries According to Humphrey* is funny and playful. A great read for any hamster or Humphrey fan in grades 4-6!

Where is Mrs. Brison , The book *Mysteries According to Humphrey* is a very interesting book about a little hamster named Humphrey who needs to find out what happened to his teacher. Humphrey is the classroom pet. My favorite part is when Humphrey finds Phoebe's watch and gives it to her the next day. I recommend this book to kids who are in elementary school and to people who like adventure, action and mysteries.

I liked my book because Humphrey the hamster comes out of his cage every night to find mysteries. My favorite character is Mr. E because he always makes work fun. My favorite part of the book is when Humphrey dressed up for Halloween as a ninja. I think other second graders should read *Mysteries According To Humphrey* because it teaches that you are not always right in every thing you say.
