## Customer Reviews

I am 12, and I really like this series, I would highly recommend them to anybody. The books have How the person is thinking and feeling, and how the dog is thinking and feeling, the only thing I wish it had is pictures. But it does have a picture on the front, so it gives you an idea of the look of the dog you are reading. I like the series a lot because Me and my family foster dogs, and these books sound like what happens around here. I have all the books in this series, and am always getting the latest one as soon as it comes out. We named one of our fosters Buddy after the dog in one of her books. We named another one Sunny, but the author hasn't made one with that name yet. Anyway, I would definitely get this book. It makes a perfect gift for someone. I would love to find this book as my birthday present.

The Puppy Place series of books is my son's (9year old) favorite series of books. He is reading the entire series this year for monthly book reports. The stories are very cute, easy to read, and based on of course, cute puppies. You can't judge a book by it's cover (they say) but in this case...you can as of course, young ones do look for cute covers and this is a great match. I highly recommend this series for both boys and girls as it is not gender specific and great for all those puppy lovers!

this book is good and well. you learn about west highland white terriers. and see more of ellen miles books on the puppy place:shadow and buddy and goldie and rascal and flash and scout and patches and pugsley and maggie and max and noodle and princess and cody and bear and honey and lucky read them all! bye!

Snowball was a great book! If you love westies I would recomened this book. I loved the cover Snowball is so cute!! If the the reviews get you intrested you should read the book.READ IT!!!READ IT!!! READ IT!!!

(Daughter Writing Review)Even if it is a children's book. As soon as I saw the cover (Although it came in a pack with 4 other books) I wanted this book. This is a great book for dog lovers, and even if you aren't one, maybe this book will make you think twice. It is informative, and I love The Puppy Place series. The characters are very well written, and the puppies are adorable. If you enjoy short stories (I'd say it's short since it only has 76 pages, and that's not including the page that Ellen Miles writes about herself) about dogs (or animals in general) then you should get this. It is my favorite book of this series and I highly recommend it.

Absolutely adorable book. Of course, I'm biased because I have a West Highland Terrier myself. But still... this book is soooo cute. Children will just eat it up!There's a homeless Westie who needs to be rescued... and a family who wants to love it. Definitely the makings of a good Christmas story that kids will enjoy.

I have Snowball book in personal. Snowball is a westie a west highland terrier. Snowball is left at a gas station all bloody and dirty and in a cardboard box.Carles has a grandbuddie named Mrs. Peabody. Carles tells Mrs. Peabody about Snowball and bring him over for a visit. Charles tells his family about Mrs. Peabody and Snowball gets a wonderful home with Mrs. Peabody.

The book "Snowball" from Puppy Place is a fantastic, funny book. Snowball is more of a little energetic dog because he is a westie, a west hyland dog. He sure is a troublemaker dog but turns out Charles and Lizzie and Sammie found Snowball a perfect, forever home. Read to find out whose Snowball's owner is. I would read this book if I were you.
