## Customer Reviews

My wife and I really like how the bottom half of the calendar is themed to match the image on the top half instead of just being your typical solid colored grid. At first I was worried that having artwork on the bottom half of the calendar might make it hard to read notes and dates but it hasn't been an issue.

Love the pictures throughout the calendar! I also really like the colors throughout the calendar pages, but there are two problems associated with that: 1) The shiny finish on the pages makes it impossible to use a pencil to write down appointments and such and 2) The darker colors on certain pages make it impossible to see what I've written.

I gave this as a gift to a family member who loves classic video games. He said it was cool. I looked at the pictures on the back. It shows images from the NES Super Mario game that we played a lot in the 80s and early 90s. I like that it is all about that one game.

There isn't much to say about the calendar...it is about what I expected. All of the months are there and have some cool retro mario themes. However, if you like to write on your calendar as I do, you will find that your pen will bleed through to the next month. I recommend writing with a chisel tip sharpie and writing quickly and lightly.

It is a yearly tradition for me to go out and buy myself the coolest calendar I can find. This is the best one I've owned so far, and if you are a fan of the classic Mario games, I think you'll love this.

I think the calendar is printed on quality paper and looks good. I like that the actual date blocks are part of the image and not just plain white. I would recommend this to anyone who likes Mario or video games in general.

This is such a great idea. I bought this calendar because my fiance was insisting we needed a calendar to hang on the fridge. This is perfect! So much fun and not a boring calendar.

Nintendo fans will LOVE this calendar! Oversized. Fun graphics. It doesn't start until 2016. I thought it was a 16 mo. Calendar. It does have a page with small months dates so you can use it that way before new year.
