Customer Reviews

Nintendo continues to impress with these Zelda themed calendars. This time it focuses mostly on characters from Skyward Sword and Ocarina Of Time. I don't have a camera ready so I will describe the images. The cover is blue and has Link from Skyward Sword with his sword and shield drawn. The first picture for the remaining months of Sept to Dec 2013 is of Zelda's father, Gaepora, from Skyward Sword holding a book. Jan is Ocarina of Time Link ready to fire an arrow in a classic pose. Feb is child Zelda from OoT as she turns startled towards Link. March is Saria from OoT. April is child Link with Navi over his hand from OoT. May is Skyward Zelda standing next to her blue Loftwing bird. June is a group shot of Talon, Malon (child) and Ingo respectively from OoT. July is the 3 forms of Blaaz, Master of Fire from the Phantom Hourglass. August is Sheik holding a harp from OoT. September is Fi (full body image) from Skyward Sword. October is Beast Ganon from OoT. November is Gohma also from OoT and December is that iconic picture of Link on Epona from Twilight Princess with the Master Sword drawn. I still have hope for a future calendar featuring art from older games like A Link To The Past, Link's Awakening and the other not yet featured games after the release of A Link Between Worlds (featuring Link from ALTP and Link's Awakening).

My sister's birthday is St. Patrick's Day...thankfully I realized this calendar lists it as Sunday the 16th when it really is Monday the 17th this year! So I'll be wary of the other holidays from now on.

Coollest Calendar ever! Perfect gift for those Legend of Zelda fans! Love it. My nephew is the HUGEST fan of Zelda. He has a huge collection & I love giving him different Zelda items. He smiles from ear to ear. That is my gift, his happiness! Highly recommend to all.

I got this for my boyfriend off his wish list for Christmas and he loves it. It's a full size calendar with awesome vibrant artwork. If you have a Zelda/Link fan or collector you're shopping for this is a great gift.

I buy this calendar every year as a gift to my brother. The pictures are great but the backgrounds are always bland. It would be a lot better if the backgrounds were pictures from the games instead of solid colors.

Very ocarina of time 3D heavy... Has twilight princess minimally as well as wind waker (probably one picture for each) and nothing else. Does not have the older games at all that were so much better and graphically amazing especially for their times....classic titles every one knows. That made me sad....I love OoT but...it was a little overdone. When I see a Zelda calendar, I expected more variety...to see all the Zelda games or at least the more popular ones.

So, I was actually at the mall when I purchased this calendar. I didn't buy it through . When I saw it I just knew I had to own it. Now, I don't completely regret it but when I opened it up to look at the pictures, I remember feeling a tad bit disappointed at the simplicity of the pictures. I mean, I would've liked if the pictures had some backgrounds instead of just a solid color with a figure in the center. It made the calendar look too simple...at least to me. But nonetheless, I am a Zelda fan and this calendar will always remind me of that. It would be a nice gift for somebody who really loves Zelda!

I had never thought of getting an Zelda Calendar until this year, a quick search brought me to this. And wow! I'm getting one every year while it's around. Any majora fan would drool over it and every picture is just awesome print quality, worth saving, and even framing! Just get it and thank yourself

from all the epic memories of playing this series when you look at it.
