## Customer Reviews

Baby loves the different textures inside the book. He particularly loves flipping the pages of the baby book inside the book. Very meta. I wish there were phonetic pronunciations of the french words. FYI, There isn't a story line, but a theme of sleepy time items including mobile and pacifiers.

This sturdy board book features everything a baby/toddler will need to get some rest. With one word and illustration per page it's sure to keep the little ones attention. Perfect book for toddlers and babies. The pages have something tactile for kids to touch on each page.

1 and 1/2 yr old grand daughter really likes touch and feel book. This one is her very favorite, she will sit and look through it. She can turn the pages and likes that. Has lots to touch and feel in it. Best one of the touch and feel I bought her.

My daughter is 7 months old and loves this touch and feel book. I read it to her in French, it has all the vocabulary for bedtime that we usually use at home. I like that it also has Spanish and English.

The touch and feel parts are super adorable! This book even keeps me interested and flipping back and fourth feeling all the different textures. My 6 month old enjoys this book very much so far! Wish they made more than two!

It's his favorite book. We started reading it to him when he was only 6 months old and (7 months later), he STILL loves it.

This and it's partner book are awesome. It is perfect and appreciated by my toddler, but it is wonderful and very appropriate for my almost nine month old as well. I Love to Eat and I Love to Sleep are great reads for anytime as well as the "appropriate" time. With each pages filled with one more item of wonder and discovery. We've had a few Touch and Feel Books through out the last few years, but these two appear to be very durable and I'm excited to be able to share them with my daughters.\*Thanks to HMH for providing a copy for review.\*

Both this and the "I love the eat" book are some of our favorites. They have very large textured areas for the baby to reach for, and pages that are easy for the baby to turn. I recommend.
