My First Bilingual Book–Music (English–German)

Synopsis

Guaranteed to enrich a toddler's vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting more complex concepts that go beyond colors and numbers, titles in the series feature jobs, music, opposites, and sports. This collection combines photographs, bright illustrations, and dual-language words in clear, bold text. Suitable for both individuals and groups, these books are a child's perfect introduction to exploring other cultures.

Publisher: Milet Publishing; Brdbk Blg edition (May 14, 2012)

Language: English

ISBN-10: 1840597216

ISBN-13: 978-1840597219

Product Dimensions: 0.5 x 6.5 x 6.2 inches

Shipping Weight: 8.8 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (25 customer reviews)

Best Sellers Rank: #647,565 in Books (See Top 100 in Books) #52 in [Books > Children's Books > Education & Reference > Foreign Language Learning > German](#) #532 in [Books > Children's Books > Arts, Music & Photography > Music](#) #3969 in [Books > Children's Books > Early Learning > Basic Concepts](#)

Age Range: 2 - 3 years

Grade Level: Preschool and up

Customer Reviews

The books in the "My First Bilingual Book" series have colorful, good quality images, sturdy pages, and the size is relatively small. These are great books for households where both parents don't speak Italian, since they provide the word in both Italian and English. The only downside (for the whole series) is that it's not a story book, it's a dictionary/flashcard style book, so it can sometimes be difficult to hold a baby/toddler's attention with this. With the limited Italian bilingual material out there, I would still highly recommend this. The "Music-La Musica" one lists a wide variety of instruments. There was one mistake - for flute (il flauto), they have pictured a piccolo.

The content is excellent. The contrast of colors is great. The items and writing stick out. The book is awesome. My complaint is the quality of the binding. The book fell apart rather quickly. I don't know if I got a dud that fell apart quickly or if that happens for all the books. Since the book fell apart somewhat cleanly/evenly, I can still use the pages that fell out to teach my son as large picture cards.

Purchased this in French as a gift for a little one learning French and she needed some basic books to get started with. It covers a lot of instruments and the pictures have a good quality. I got it as part of a set with some other books in the same series.

Love the idea of Russian books, but the quality is just ok... Pretty flimsy cardboard pages compared to other solid baby books with thick durable pages. Worth it if you can't find any other Russian books I guess, but definitely pricey for \$8. Definitely can't give it to my 1 year old to look at on her own since she'll just chew through the pages :-/ Also, it's not exactly "music" but only instruments. So it should be more correct to title the book "Instruments". They include some fun instruments that you wouldn't expect.

I was so excited to purchase my daughter's first Korean board book as part of a first father's day gift for my husband. Since I don't know any Korean, I thought it would be neat for him to read it to her. When it arrived, my husband informed me that most of the musical instrument translations are basically the same in Korean as English. So, while the characters are different than the English words, when pronounced, they are basically the same thing. It's not the case for all of the instruments, but for at least half. Not that they are incorrect translations, since that's what they're called in Korean. But kind of redundant.

They probably should've called this book Instruments because that is what it is all about. I do see how music is easier for kids to relate to though. The images are stunning and each page has a unique instrument with the word in English and Russian.

I'm first generation American. Products like this make it easier to teach my son Polish. Easy to read with correct and phonetic spelling

a good book to learn farsi name of different musical instrument but, these books fit you only if you

have someone to read the farsi words
