This book is a great read to prepare your child for the fun and excitement of Halloween. It displays different American holidays and rates Halloween as Emily Elizabeth's and Clifford's favorites. They show Clifford in different costumes and let's your child interact by asking which would "you" suggest. My 3 years old really enjoys this one.

I thought this book was so adorable how on every holiday Clifford does something special like for Christmas he dresses like Santa and gives out gifts, on Easter he plays the Easter bunny, and on Halloween he always dresses up, in the book he dressed up as many different things such as the devil, a clown, a witch, and even a ghost! Hes the most adorable dog in the world!! At Emily's party he was a ghost and everyone loved him. How can't you love Clifford? I know I love him! This book is suitable from the ages 0-6. Everyone will love this book. This book teaches people to help other

people and still have fun, like most Clifford books he always shows people how to love, share, and get along.

Clifford's Halloween is about what Clifford wants to be for Halloween. The problem is, he is too big to fit into any costumes, so he decides to be a giant ghost. Emily Elizabeth finds a big sheet and cuts out holes in it for Clifford to be able to see out of. This is a very cute book and is recommended for all ages and for both boys and girls.

This Clifford the Big Red Dog book is wonderful. From the front cover you could assume that it is strictly about Halloween. Especially from the opening title Clifford's Halloween. But when you read the book it has illustrations of several US holidays in the book as well. With that being said you can read it anytime of year not just in October. My 2 year old daughter loves me to read this book for her. The story is simple and easy to follow for young children.

Clifford books in our house are an absolute naptime and bedtime staple. They consistently have good themes and great teachable lessons. The great thing about Clifford books is the length; it is easy to include these books as part of a routine because they only take about 3-5 minutes to complete so you can read multiple books. The price is right also. Two thumbs up for Clifford the Big Red Dog!!

We read this book every night of October leading up to Halloween. Leaving the last costume open-ended allowed us to discuss possible costume choices for Clifford and for my son. It was always a fun conversation.

A really cute story that my grandchildren love! It tells of Clifford's first Halloween, and how difficult it was to find a costume for him. He then goes out to Trick-or-Treat, and frightens many children away...but soon they learn how gentle and loving that Clifford is, and they all have a wonderful Halloween together.

My daughter loves Clifford books, but this one is just awful. Invokes the devil and borderline racist costumes. But even if that doesn't bother you, the writing is sure to offend your senses. It feels like the artist and writer never spoke and the writer just made up stuff on each page without really worrying about telling a complete story.
