My Truck Is Stuck!

Synopsis

My Truck Is Stuck. Rotten luck. Can't go! My truck is stuck. Tug and tow. Two engines roar. But the truck won't go. Not one inch more. Does anyone know how to make my stuck truck go? In this lyrical read-aloud, young drivers are introduced to the ins and outs of hauling, beeping, and repairing -- get ready for a fun ride!

Grade Level: Preschool and up

Customer Reviews

"Rotten Luck! My truck is stuck!" Colorful & rhyming. Two dogs driving a loaded truck on a desert road, get driven into a hole! They ask travelers traveling in a car, Movers in a van & a school bus for help! but the truck wont go! Until the tow truck arrives to rescue the day. My 3 year old son just loves it. A must for your home library.

We LOVE this book. It is an account of a dump truck which gets stuck in a hole, and all the vehicles which try to get it out. The twist: the truck is driven by a dog and carries a load of bones. Praire dogs have dug the hole in order to steal the bones, which they procede to do as the driver and helper vehicles, and text, all focus on getting the truck out of the hole. So the truck eventually gets out but the bones are gone! The text rhymes, the pictures are fantastic, the story is funny (at least both

myself, my husband, my 5 year old daughter who isn't even into trucks, and my 3 year old son think so)and of course it's full of trucks and cars. Guarenteed to delight toddlers and preschoolers who like things that go, and their parents.

This book is so funny. My 3 yr old has a good sense of humor and loves that this Truck got stuck in a pothole that is dug out by some very naughty ground hogs. Even funnier the truck is carrying bones. And as the truck driver stops several vehicles to help pull him out the naughty ground hogs are carrying away the bones. Finally, a tow truck arrives to save the day. "Help!!! My Truck is Stuck!". My husband loves reading this book to my son. Great illustrations and several colorful vehicles make this a great book for even a very young child.

My son, almost 3 now, has been helping us read this book to him for most of the past year now. He loves to count the vehicles and pick out the details-like the dog blowing bubbles. It has been his favorite book since the day we got it. I recommend this book to anyone with a little boy who likes his trucks.

Concerned that our two year old was never going to slow down to listen to a story, we ordered this book because it was about a subject near and dear to his heart...trucks. My husband and I were instantly impressed by the bold, colorful illustrations. We opened the book and started reading it and our son stopped what he was doing to come sit and listen and look. After only two readings, he repeats many of the rhyming lines as he flips through the book on his own and asks us to read the book every night now. This book has it all, rhyme, reinforcement of numbers, great pictures, a subject matter that is of special interest to most boys (though I think girls could love it too), and the neatest part is that the illustrations tell a story that the words do not point out. I love the fact that this allows you to talk with your child about why the truck got stuck. This is truly a neat book and I think Lewis and Kirk deserve an award for this one. Can't wait to get Chugga Chugga Choo Choo.

I purchased this book 6 1/2 years ago for my first son! It has gone through 3 children and it was a favorite for all of them! What a brilliant book! It is now starting to fall apart (after reading it over 1000 times I'm sure) and I want to replace it!! We still read it at least a couple of times a week. It never gets boring!

We have read it over and over and over and over again. Our two year old grandson keeps saying

"gain", so we all giggle and read it once more. It is hysterical to watch him play with his real little trucks and exclaim, "My truck is stuck"!!!! I highly recommend this book above most others for little trucker enthusiasts.

This has quickly become my almost 3 year old son's favorite book. To say he is obsessed with trucks is an understatement! We read it (multiple times) every night before bed to the point where he has it memorized! The best part about this book - he loves to talk about all the different trucks and name them off. And he loves to announce how he's counting as he reads it.
