# Snuggle Puppy (Boynton On Board)

## Synopsis

A great big hug in book form, Snuggle Puppy is a year-round valentine from parent to child. It is bright, chunky, a pleasure to hold, and has a die-cut cover that reveals a glimpse of the joy inside before it's even opened. Best of all, it's packed, of course, with pure Boynton: her inimitable language, her inimitable illustrations, her inimitable sense of fun. OOO, Snuggle Puppy of mine! Everything about you is especially fine. I love what you are. I love what you do. Fuzzy little Snuggle Puppy, I love you. Featuring a sweet and cuddly doggie cast and rhyming verse, Snuggle Puppy is the perfect bedtime book to read last, because of an ending that kids will want again and again: I started with OOO. . . . Now we'll end like this: [BIG SMOOCH!]

## Customer Reviews

This, like all the Boynton books I've seen, is a beautiful little package -- a sweet song and adorable pictures, sure to result in much snuggling and special moments. It is great for little kids, especially (in fact this song has become a bedtime standard for us). However, if you and your kids like this book, be sure to check out Sandra Boynton's full "Philadelphia Chickens" collection -- a Broadway-show type "review" of many fantastic and catchy toons, with great illustrations and a CD (featuring Patti LuPone, Meryl Streep, The Bacon Brothers, etc.). My kids (3 & 8) have loads of fun

singing the songs, dancing around like aardvarks in a chorus line, acting snoozy and then rock and rolling. My 8 year old daughter loves "Broadway" type of music, but much of it is pretty grown-up in content, so this is just the ticket. The songs are funny and appeal to both kids and adults. Sorry, I'm not saying more specifically about Snuggle Puppy, but the whole collection is a treasure for kids as they get older.

Ms. Boynton's books are a huge hit in our home. Snuggle Puppy was given as a gift to my now almost three year old for Valentine's day and it quickly became her favorite...we read it each night and she gets so excited to hear the cadence in the book, she moves in rhythm to the words as I sing song the story. I even found her asleep snuggling the book under her arm one night. I will be sad when this is no longer part of our bed time story time.

This is one of my 17-month-old daughter's favourites. It is short but sweet, and the rhythm and words are so catchy they get "stuck" in my head for hours at a time after I've read it to her! It lets the reader become as animated as they wish when reading. You can just read it normally if you want, but it's more fun to do it up: "OOOOOOOOOOOOOOOOOOO snuggle puppy of MINE!!!!"

This is a cute book, but a cute song as well. It might be hard to sing it if you haven't heard the melody, but you can look at the Philadelphia Chickens CD online and hear enough to get the idea. It might be more fun.

This little book is wonderful! It's one of the few my baby girl will sit through. One nice touch is that there aren't any gender cues for the parent dog or little puppy. It could be a Mommy and her little boy baking the cookies just as easily as a Daddy and his little girl. Very cute! I haven't been disappointed with a Boynton book yet!

Guaranteed to make my 2 year old son giggle and smile every time I read it. One of his favorites for the past several months since he first picked it off the shelf for us to read it to him. now he brings it to us often. Get it for your little snuggle puppy!

I bought this book when my daughter was not yet born. I started to read to her when she was three months old. I sit her on my lap and let her rest against my body while I hold the book in front of her to read. She is now 5 1/2 months old and this is one of her favorite books. She gets very excited when I

pick this one off the shelf. While I read it she grabs for the book and her legs kick and kick while she smiles. The book is a really sweet story about a mommy dog and her "snuggle puppy". While making cookies she sings him a song about loving him for who he is and what he does. Its short and very very sweet. The book is based on a song but I dont know the song and I dont think it matters. The words are so important to giving your child good self confidence. I think when they are old enough to understand what you are saying it will be even better for them. This is a cute book and it doesnt get old. I love to "sing" my daughter the snuggle puppy song where ever we might be and she loves it.

This is a song that you read. In my family, we put it to music that we made up ourselves. Our 2 year old LOVES this book and requests it by name. She love the adorable pictures, too. The words are so cute. Here's the first part: "Now I have a thing to tell you and it won't take long. The way I feel about you is kind of a song. It starts with an "Ooooooh" and it ends with a kiss. And all along the middle goes something like this. Ooooooh snuggle puppy of mine. Everything about you is especially fine. I love what you are. I love what you do. Fuzzy little snuggle puppy, I love you." There's more. That's just the first couple of pages (from memory) so please excuse me if some of the words are wrong :) I just had another baby and I can't wait until she's old enough so that I can share this book with her as well. Get it. You won't regret you did.
