ISBN-13: 978-1943828098

Product Dimensions: 8.5 x 0.2 x 11 inches

Shipping Weight: 8.6 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (30 customer reviews)

Best Sellers Rank: #19,032 in Books (See Top 100 in Books) #25 in [Books > Children's Books > Children's Cookbooks](#)

## Customer Reviews

The recipes turn out fine, however the scale on many of them are just too big! My daughter was very upset the biscuit mix recipe called for 8 cups of flour. 8! I realize it's a mix, but how much could one possibly need for an Easy Bake oven? Which leads me to my next issue... the recipes don't say how many they make. So after she had to cut the recipe down to what she assumed would be right for the Easy Bake oven pan, she still really had no idea based on the original recipe. For a cookbook, there is a ton of trial and error involved. This can be detrimental for young cooks if it fails.

These really are the sweetest little deserts for your little girl to bake. She will impress her friends no end. They are cute, sweet, tasty and perfect for your little girl. We really had great fun cooking these treats.

There are some great and surprising recipes in this book, such as Goopy Carmel Layer Bars! Yum! The best thing is that it keeps the cost of supplying a little baker with materials low. In fact each

recipe makes 10 times more than you get in the store bought version. The only thing that would make this better is if each little portion was individually wrapped and packaged, but with today's computers it's easy to design a folding box out of paper and baggies take care of the rest. Your little one could have a personal line of baking boxes! :0)

I fondly remember using my Kenner Easy Bake Oven when I was a kid. I sure with the Little Princess Easy Bake Oven Recipes cookbook was around when I was learning how to use my Easy Bake Oven. I would have loved to try the recipes. I would love to try them now, but my aqua plastic Easy Bake Oven no longer works as this was over 40 years ago. Any way I was delighted to find the following recipes in author Jane Romsey's cookbook. Some of the recipes I found include: I Love Pink Cake Angels White Cake Mix and the Angels White Cake (the recipe using the mix) Cream Cheese Frosting Mix and Cream Cheese Frosting (the recipe using the mix) Pizza Recommend based on the variety of recipes available. Penmouse

This has recipes to make ahead, put in baggies, and save for later. There are also small recipes that you can make for right now if you are like me and forget to plan ahead for these things. :) The recipes are easy enough to follow for my eight year old and all the ingredients are things we have around the house. Fun!

So nice to have recipes to use that are not from store bought packages. My granddaughters and I have made a lot of things. You can use all the ingredients you pretty much have in your kitchen now.

This is a nice book that makes it possible for kids to learn about measurements and ingredients. My daughter likes the idea of recipes and tried to "invent" some of her own, which led to unsanctioned cooking experiments and a lot of wasted ingredients. This book is giving her the opportunity to try recipes that she can handle independently and learn how different mixtures of ingredients affect the final product. That said, this book doesn't "teach" kids any of these things directly. It is just a book of simple recipes. A child with an interest in baking can learn with guidance from an adult/teen. Pros: no more expensive mixes, gives kids a familiarity with basic ingredients, readable on a screen as small as my daughter's iPod touch, recipes for items like fudge! Cons: I think the book was written for the old easy bake, not the new "ultimate" one. the amounts can generally be doubled UNLESS the recipe is for two pans in which case it will more or less fit in one pan.

A recipe book filled with many easy bake oven recipes. A great book for children and for the elderly living alone who have access to a toaster oven. Easy recipes for anyone to follow. A really great book. A book I shall keep (and take some recipes from) Thanks!!
