# The Star Wars Cookbook II -Darth Malt And More Galactic Recipes

## Synopsis

Even the pickiest of Gungans will eat their fruits and veggies when Bubble City Salad and Boss Nass Broccoli are on the menu. With this exciting new sequel to the best-selling *The Star Wars Cookbook: Wookiee Cookies and Other Galactic Recipes*, Star Wars fans of all ages can cook up more out-of-this-world fun. From razor-toothed Opee's Sea Crunch (for fish fillets with a real bite) to Darth Double Dogs (doubling as a light saber you can eat!), this intergalactic Star Wars cookbook features healthy snacks, delicious dishes, sweet treats, and easy main courses no Rebel can resist. Featuring hilarious photographs and recipes and wipe-clean pages, *The Star Wars Cookbook II* even includes a shiny plastic stencil of Darth Maul to help decorate culinary creations. And age is no issue when the Force is with you—adults as well as kids will have a great time with this book.

Star Wars Cookbook was the best cookbook in the world. It had strange recipes like Tusken Raider Taters and Twin Sun Toasties, but also fancy food like Han-Burgers, Greedo's Burritos, Princess Leia Danish Dos, Jedi Juice Pops and the king recipe, Wookiee Cookies. I got this cookbook before *Wookiee Cookies* in Christmas 2003. It was quite nice. It featured funny names like Sith Speeder Sunrise, Handmaiden Hash Browns and Boss Nass Broccoli. The photos are amusing as in *Wookiee Cookies*: Watto over few Watto Melon Cubes and Gungans fighting from Booma Breakfast Tarts. The pages are wipe clean, so Amidala Challah does not damage on it. I love Sith Slush, so I had to make it on summer with my father. Good, but *Star Wars Cookbook 1* was

better.

I LOVE this book! As I stated before, I got this for Christmas after taking up an interest in Star Wars, especially Episode I. And that was it. It started with some "Booma Breakfast Tarts" and I've been cooking ever since. I love the pictures of the action figures with the food. They really make you want to try the recipes. I've had it for two months and have made 11 recipes from it so far. Thursday is usually "Forceful Frittata Day". "Amidala Challah" was a hit at a bake sale I helped with. The "Darth Double Dogs" I made for my friends went over well (though they kept trying to fight with them at the table!) I just made some "Panakacakes". (A good thing is, if you want to make some of the things for a non-Star Wars related event, most of the recipes are just regular things with names like "Qui-Gon Jinn-ger Snaps" and "Anakin's Apple Crisp". No one will know if you don't tell them!) Even if you don't try the recipes, it's a fun book to just LOOK at. I heavily recommend this book to Star Wars Episode I fans with a mild interest in cooking. Also recommended heavily are the "Wookiee Cookies" book and the "Party Book".

This book is the following volume to the Star Wars Cookbook: Wookie Cookies and Other Galactic Recipes and like its predecessor it has the same beautifully illustrated, spiral-bound, hardcover format. It is another must buy for serious Star Wars fans that want to keep adding delicious Star Wars themed recipes to their lives and want to have fun while preparing their meals. The book is divided into five sections for easy reference: Breakfasts, Snacks and Sides, Main Courses, Desserts and Treats, and Drinks. Each Star Wars themed recipe is fully and clearly explained (ingredient measurements and preparation instructions) for easy understanding. The book's introduction contains practical advice on cooking safety and includes a guide of the cooking tools you'll need. As an added bonus, the pages of the book are laminated for easy, stain-free cleaning. You will love all the recipes, and will probably recreate, the wonderfully photographed serving suggestions given in the book like the Booma Breakfast Tarts, the Pit Droid Pizza, and the Qui-Gon Jinn-ger Snaps which are decorated with the action figures of known characters of the Star Wars Episode I movie. Other recipes' presentations feature enjoyable visual puns like the Boss Nass Broccoli, the Protocol Droid Pasta and the Darth Maul Dip (which even includes a plastic template for decoration). Some are even very basic, but really tasty, recipes that have been given clever Star Wars-sounding names like Darth Malt, Panakacakes and Pickle Jar Jar. Buy this book, and share the joy of cooking and your love of everything Star Wars with kids and adults, family and friends. And May The Force Be With You. I would also recommend buying the Star Wars Cookbook and The Star Wars Party

Book along with this one as they all make a complete, excellent and fun idea source book for everyday cooking and Star Wars themed parties.--Reviewed by M. E. Volmar

Bought 1 and 2 for my 10 year old grandson who wants to learn to cook. The quality of the cookbook is very nice with laminated pages and very colorful pictures. Recipes are pretty basic but with new names to coincide with the Star Wars title. An adult should be present when reading through these recipes and determining which steps are safe for kids to do and which the adult should take care of. For instance, the hash browns, required placing a plate on top of a hot skillet and flipping over! Definitely too dangerous for a kid and even some adults depending on the pan size used.

This is a great little cookbook. It is choked full of colored pictures and fun recipes. Fun! Fun! Fun! The recipes look easy to make and most don't require hard-to-find or unusual ingredients. It was also at a great used price. Nice Darth Mall template included.

Just reading this book as a sequel to the first book is fun in itself, but the recipes themselves are fun to make and pretty good eating too! Kids will enjoy it, and so will adults if they want a unique snack.

For your little Stars Wars Fans. Recipes you and the kids will love creating together. Fun and yummy recipes. May the Force Be With You as you create from the Star Wars Cookbook II. A great addition to the kitchen library.

I Bought Both Star Wars CookBook II & Star Wars Wookie Cookies CookBook For Some Good Reasons, I am a Star Wars Fan Too, (Just like I'm a trekkie for the past 21 years.) Some of the recipes look absolutely delicious. If I try some recipies, for example Yoda Soda, Droid Dot Pizza, Anakin Apple Crisp or any other recipe I will let you know. May The Force Be With You.
