# Mayan, Incan, And Aztec Civilizations, Grades 5 - 8 (World History)

## Synopsis

Bring history to life for students in grades 5 and up using Mayan, Incan, and Aztec Civilizations! This 96-page book features reading selections and assessments that utilize a variety of questioning strategies, such as matching, true or false, critical thinking, and constructed response. Hands-on activities, research opportunities, and mapping exercises engage students in learning about the history and culture of Mayan, Incan, and Aztec civilizations. For struggling readers, the book includes a downloadable version of the reading selections at a fourth- to fifth-grade reading level. This book aligns with state, national, and Canadian provincial standards.

## Customer Reviews

This book provides a highly adequate amount of information in a very concise way, and I actually learned a decent amount when I read it. The nice thing about it is that the readings are just a page long, and then are followed with one or two pages of activity to reinforce the reading. I bought them to use over the summer with some awesome kids that I know.

Great to use when teaching on the subject

I like it and it is okay but it is good for kids. I took my test and I had pretty good passed the test

because I read so much about Mayan, Incan, and Aztec Civilizations. I wish it could be same author and explain more like where they sleep, what they eat specific and how to cook with what?, what game they plays, etc. instead quiz. Still I think it is great for kids to learn something if they are born through family's blood from Central America and South America. Great bargain, I couldn't miss it.

Great resource! Interesting and educational.

This purchase was a gift for a nephew. I haven't heard how much he likes it or even if he has read it.
