# LEGO NINJAGO: Character Encyclopedia

## Synopsis

Contains an EXCLUSIVE minifigure for you to put together! Sensei Wu's ninjas may work together, but they are actually all very different and unique. Little ninjas everywhere can now learn everything there is to know about their favorite Masters of Spinjitzu in DK's LEGO® Ninjago: Character Encyclopedia. Each beautifully illustrated spread features tons of fun facts on the different characters, variants of each minifigure, and the various vehicles, weapons, and locations that make up the LEGO Ninjago world. Additional pages will be included featuring special events from the new animated series on Cartoon Network, making this book the perfect addition to every LEGO lover's collection! LEGO, the LEGO logo, the Brick configuration and the Minifigure are trademarks of the LEGO Group. © 2012 The LEGO Group. Produced by DK Publishing under license from the LEGO Group.

## Book Information

Lexile Measure: 990L (What's this?)

Hardcover: 176 pages

Publisher: DK Children; Nov Har/to edition (October 29, 2012)

Language: English

ISBN-10: 075669812X

ISBN-13: 978-0756698126

Product Dimensions: 7.4 x 1.2 x 9.4 inches

Shipping Weight: 1.8 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars See all reviews (456 customer reviews)

Best Sellers Rank: #31,592 in Books (See Top 100 in Books) #3 in Books > Children's Books > Arts, Music & Photography > Performing Arts > Television & Radio #55 in Books > Children's Books > Activities, Crafts & Games > Crafts & Hobbies #457 in Books > Humor & Entertainment > Movies

Age Range: 6 - 12 years

Grade Level: 1 - 7

## Customer Reviews

My son (age 8) has several of these DK Lego books. I have reviewed all of them and would give them (and this one) 6 stars if I could. has excellent prices on them and they are well worth it if you have a young person who likes Lego's. This one, like most, comes with a special edition Lego mini-figure (even though the product page shows the insert area blanked out). It has the entire

Ninjago universe laid out in extremely colorful and detailed photos. Even one of the small bagged Target sets that my son got a year ago gets a whole page to itself. Very detailed photos but more importantly a lot of written material as well associated with each page, set, and figure. My son lugs these around the house and prefers to read them to watching TV. He likes to read about the little tidbits associated with the characters and sets, and although not perhaps incredibly intellectually stimulating, it is reading and most importantly he does it on his own, is interested in the subject matter, and likes to talk about what the books are telling him. (I will also admit that I have read them all to, just because they are that well done.) We are over two months into the Lego Batman DK book and he still reads it daily. Star Wars and Lego Harry Potter are still by his bed and get read weekly and they are about a year old in our house. This one being new has displaced them on the top of the heap. At the price discounts these they are well worth. I highly recommend. Also Scholastic publishes a similar looking and titled book on the Lego ninjago universe also with free figure. The DK book however has the actual Lego sets in it as well as descriptions about the characters and ninjago universe. The scholastic book just has descriptions on the characters and doesn't actually feature any Lego sets. We have both in our house and the DK book is the nicer of the two in my opinion.

\*\*\*\*1/2I was carried along my grandson, now seven, first into LEGO together with his dad, then into LEGO Ninjago, alone, so far. It is a merry way to release the weight of years. The heroic world of Ninjago was created by the First Master of Spinjitzu, utilizing four mighty weapons, that no one could keep all at once, because of their tremendous power. The four Martial arts weapons, Nunchuks of Lightning, the Sword of Fire, the Scythe of Earth Quakes and the Shurikens of Ice mesmerize Noah, and puzzle his grandpa! Each beautifully illustrated spread features loads of entertaining tips and fun facts on all of various characters of each minifigure, Cole, Jay, Kai, and his sister Nya, with their dreadful weapons, and vehicles, at locations that make the LEGO Ninjago world a dreamland. The exclusive minifigure is ready to be put together. "Who is the best builder in your family?," is a clever challenge that gives the kids an advantage over their grandpa, with an exclusive miniature figure for Noah and Oliver to put together! Sensei Wu's ninjas may work together, I was informed by the swift kids, but they are actually all very different and unique. My little amateur ninjas can now learn everything they need to know about their favorite Ninja Masters of Spinjitzu. They informed me that additional pages are included featuring many exciting events from the new animated series (on Cartoon Network), rendering Lego Character Encyclopedia the perfect addition to all their LEGO lovers peer's collection! Enjoy the YouTube: [...]

Bought this for my 5yr old son who, as a Lego enthusiast, became an instant Lego Ninjago fan after finding episodes of it on Netflix. Now I feel it's relevant to point out he doesn't watch a lot of tv, and I always try to limit the content to his age, so I was worried with a Y7 rating for the show it would be over his head, but being lego characters really helped to diminish the fighting & bad guys to a more little-kid friendly level. However, I think he had a hard time keeping all the characters & story lines straight, so I started searching for a book. We had received the Lego Batman guide book that's similar to this as a gift awhile back, so when I saw this one I thought it would be a hit. I definitely UNDERESTIMATED just how much he would like this. Over a year later he still looks at this book about 3 - 4 times a week and has become a Ninjago character expert. I've since been searching for new versions that will include the newer seasons, as this one is only season 1 and 2. It doesn't cover much of the story line, but it shows all the lego vehicles & sets associated with certain scenes and episodes (which is good and bad, because in the back there's a full list of all the ninjago sets by year and product number . . .for easy ordering for mom or dad!! yikes.) Anyways, if your child is a fan of Lego Ninjago, I'd recommend this book.

I can't wait to give this to my 5 year old. He adores Ninjago and will absolutely love looking at all of the pictures in this book. The book is great quality and it's much larger than I anticipated. It also comes with a minifigure that you can either keep with the book to protect the integrity if you are a collector or to give to your child to play with instead. A definite must for any Ninjago fan.

My 7 year old son adores this book; not only does it detail most Ninjago characters and accessories to date, it came with its own minifigure! The book is a well made hardcover that is fairly substantial, though it's mainly a detailed catalog as opposed to an actual book (so don't expect much "actual" reading.) Some of the items are retired, too, so if your child is like mine and wants EVERYTHING in this book, be prepared to explain why that's not really possible. All in all, he loves it so I love it!
