Customer Reviews

This is a kid's book and I did not understand that when I purchased it. I may have missed something. Anyway, I am a teacher so my students are now reporting on Aerosmith! It does not mention that it is a kid's book on the cover and I don't recall reading anything about it being for young kids when I ordered it. Then again, I may have not read the whole description. It is a nice book for young teens. It was packaged nicely and arrived quickly. Thank you.
