# An Indie Rock Alphabet Book: A Paste Reader For Kids & Their Parents

## Synopsis

Story time is cool again! An Indie Rock Alphabet Book is a unique way for musically inclined kids to learn their ABCs. Kids and parents alike will enjoy a rhyming A-Z guide to hip musical artists, from Animal Collective and Iron & Wine to Tom Waits and the Zombies. A Paste Book. Read all about it: <http://www.pastemagazine.com/articles/2009/01/an-indie-rock-alphabet-book.html>.

ISBN-13: 978-1440491320

Product Dimensions: 8.2 x 0.2 x 6 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 2.3 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #2,327,104 in Books (See Top 100 in Books) #66 in [Books > Children's Books > Arts, Music & Photography > Music > Rock](#)

## Customer Reviews

I was excited to receive this book and was even more thrilled after reading it. The bands chosen are awesome, the rhymes are catchy (and in some cases a bit irreverent), and the illustrations are fabulously different. Each time I read it, I find more things to discover- especially with the illustrations. I wouldn't recommend it for very young children, but it's entertaining nonetheless for everyone else. Enjoy!

i was excited to receive this book because it's such a cool idea. when i got it i was severely dissapointed. it's more like a cheap manual than a kids book. think of the manual that is in your glovebox that tells you about your car. it's a flimsy version of that. this book was an awesome idea, but poor quality. honestly i would pass and see if they ever make a hardcover version or a version that's actually worth buying.

I haven't read this book but upon seeing the cover and having the person in the middle throwing up the wrong hand symbol for the devil horns (he is holding up the hand symbol for "I love you" in sign language) it would make be doubt the true rock validity of the contents. The true rocker hand symbol

is made with the thumb in, not out to the side. People should know their metal history, it was started by Ronnie James Dio in the 70's, and lately I have been seeing everyone do it with their thumb out and it drives me crazy. That being said, it is a good idea for a book and kids need to learn more about music, so I will give it a chance if I see it in a book store somewhere.
