Age Range: 12 and up

Grade Level: 7 and up

Customer Reviews

A real honest-to-goodness journalist wrote this book. More to the point, this is a reporter who worked for the newspaper in Kurt's hometown of Aberdeen AND grew up there. That means Jeff can capture the image of Aberdeen and what it was like for Kurt growing up in the timber town like the expert he actually is. This isn't just a book. This may be part of a grand memoir defining the everyman of Aberdeen while at the same time talking about Kurt's life as a whole. And because Jeff is a journalist, the freshness of his interviews are solid and his objectivity is clear. Unlike some other biographies out there, there are no made up theories here. Recommended for all ages.

I was waiting to buy this book until I read some reviews, then I saw a review online at the Nirvana Fan Club and decided to give it a shot. This book is written for an audience of teens and older so I wasn't expecting any new stories and was surprised that there are. There's a saddening story about Kurt's mom's reaction told by someone who was with her just after she heard about Kurt's death. There are some photos I've never seen before and pictures of two things Kurt drew, which I found

most fascinating and there's an update on a memorial committee in Kurt's hometown that's trying to honor him there. The author knew Kurt when they were younger and the book says he is part of that group. The book is a high-quality hardback and isn't dumbed down like I thought it might be. If you want to know every detail of Kurt's life, there are other books out there that do the job better (though often in error or by making things up). But if you want to know "just the facts" and learn some new stories along the way you should buy this. I was pleasantly surprised with its quality and was happy to add it to my Cobain collection. Michael Mac

not much I didn't know. not a collector so not really worth keeping wish I could sell it for a little under of what I gave for it. 1 read was enough. I'm always looking for new stuff on Kurt Cobain and his murder conspiracy so maybe I can sell it on Ebay! good read

A great book. I graduated with Jeff. He's talented and this book demonstrates his writing abilities. A definite must for any Nirvana fan. One day my daughter will enjoy it (she's only 22 mos). I wish him success with his future books. Mark

I think it is a great reflection of Kurt Cobain and Nirvana. It has loads of useful info and any Nirvana or Kurt Cobain fan should read. Jeff Burlingame is one of the year's best authors.
