# Snap! Button! Zip! (Sesame Beginnings)

## Synopsis

In this highly interactive board book Baby Zoe gets dressed, working her way from hat to shoes. A working snap, button, and zipper allow toddlers to help Zoe get ready as they practice their own dressing skills. Rhyming text and big, bold, bright illustrations add to the fun.

## Book Information

Age Range: 2 - 4 years

Series: Sesame Beginnings

Board book: 14 pages

Publisher: Random House Books for Young Readers (September 9, 2003)

Language: English

ISBN-10: 0375823697

ISBN-13: 978-0375823695

Product Dimensions: 8.5 x 0.9 x 8 inches

Shipping Weight: 10.1 ounces

Average Customer Review: 3.3 out of 5 stars [See all reviews](#) (12 customer reviews)

Best Sellers Rank: #129,285 in Books (See Top 100 in Books) #30 in [Books > Children's Books > Arts, Music & Photography > Music > Songbooks](#) #276 in [Books > Children's Books > Growing Up & Facts of Life > Fiction](#) #1479 in [Books > Children's Books > Early Learning > Basic Concepts](#)

## Customer Reviews

The snap and button are a little hard for an adult to use let alone a little one. We are trying to use it a lot to get them loosened up!

I think the book is well written; however, the pages and/or material appear to be too snug (for lack of a better word) for the activities to be used. The cloth, that is supposed to go over the button is hard for me to even show my son how to do it. Also, the zipper is quite snug as well and it only shows the up and down motion; it doesn't help teach how to put the zipper together which is primarily what is needed. Finally, the snap, it is also too snug and/or the material is too short surrounding the snap that we cannot grip it to show our son how to use it. I understand that not all buttons, zippers and snaps are going to be easy for a child; but they need to be able to learn on something a little easier in order to know how to figure out the tuff ones.

Nice illustration, good for training of motor skills, but the snap and button are a bit too tight for kids.

I can barely snap the snaps in this book and the buttons are too hard for little hands. I like the thought because my children love Elmo and Zoe but the Elmo Doll worked better for practice purposes.

My child is fascinated with moving parts and zippers, so glad to have found a book with one. Too bad it's not in print anymore. Good news was I was able to find a used one easily!

Our three year old can now do all of the snapping, buttoning and zipping in this book. Now on to tying a bow and tying his shoes alone. Great learning book.

I thought it was a great early book - being cloth, and not rip able. Also help teach the little guy the how to's of getting dressed

Poor quality. Cute thought behind the book, but the worst sesame beginnings book I have bought yet (I have bought 4).
