Customer Reviews

My son's piano and voice instructor asked me to find a book of songs from "The Jungle Book." This was the only one I found. So, I ordered it, despite lack of clear information. Well, it does have all "The Jungle Book" songs. But it is very basic and easy to play. My son is at the intermediate level, so these are too easy for him. I gave this 5 stars because the item is what it says it is: a book of piano music, with lyrics, from Disney's "The Jungle Book." But if you are looking for something above "easy," this is not the book for you. A book by the same author and that looks exactly the same, but is at an intermediate level can be found in the comment section of this review. Images from the 1st page of 2 songs in both books can also be found there.

I have always enjoyed the music and now I can play along on the piano. easy to follow and play.
