A Game For Swallows: To Die, To Leave, To Return (Single Titles)

Synopsis

When Zeina was born, the civil war in Lebanon had been going on for six years, so it's just a normal part of life for her and her parents and little brother. The city of Beirut is cut in two by bricks and sandbags, threatened by snipers and shelling. East Beirut is for Christians, and West Beirut is for Muslims. When Zeina's parents don't return from a visit to the other half of the city, and the bombing grows ever closer, the neighbors in her apartment house create a world indoors for Zeina and her brother, where they can share cooking lessons and games and gossip. Together they try to make it through a dramatic evening in the one place they hoped they would always be safe—home. Zeina Abirached, born into a Lebanese Christian family in 1981, has collected her childhood memories of Beirut in a warm story about the strength of family and community.

Zeina was born during the Lebanon Civil War in 1981. The Civil War lasted from 1975-1990 and it divided the city of Beirut into East and West with the Christians living on the East side and the Muslims on the West side of the demarcation line. In a Game for Swallows Zeina writes and draws about one particularly memorable day when she was little and living in an apartment near the demarcation line. The streets were lined with metal barrels, with walls of sandbags and cinder

blocks to act as shields from sniper bullets. Zeina's parents regularly traveled the dangerous streets to visit her grandmother who lived a few blocks away. Zeina, with her parents and little brother lived in an apartment in East Beirut. The only room they used in the apartment was the foyer because it was the safest place. They slept there, ate there and entertained other apartment dwellers there. There is a taxi driver, a newly married couple with a pregnant wife waiting for their papers to emigrate to Canada, the old nanny, and a whole host of other interesting apartment dwellers. Many of whom had suffered losses of family members and property. A Game for Swallows is told in stark black and white artwork. Each detail is so fine as the story is told minute by minute, hour by hour. The facial expressions change in increments as Abirached captures wartime. The reader learns what it is like to live in a war zone from a child's perspective. No where to play, fearful for your family and scared of loud noises. Living life in a tiny space called home that is filled with love and support from everyone in their apartment building. I am always looking for graphic novels that have historical significance and take place in far away places.
