# National Geographic Kids Myths Busted! 2: Just When You Thought You Knew What You Knew . . .

## Synopsis

This is the book that will put to rest rumors, misconceptions, superstitions, and flat out lies that you hear everyday--also known as the book your mom never wanted you to see. Want to make that face for hours? Go ahead, it'll never freeze like that. Enjoy an all-you-can-eat buffet and go swimming immediately after? A-ok. Have your dog eat off the same plate as you because his mouth is cleaner than yours? Better think twice on that one.

## Book Information

## Customer Reviews

My son had already read Book 1 and loved it. We had been waiting for Book 2 to come out for months. As soon as it was available I ordered it. It is full of funny entertaining facts that keep him, his friends and younger siblings talking for days.

All I know is that my grandchildren asked for these because they cannot find them in Australia. Glad to have them ready for when they arrive in the USA

My kids love this book! Fast shipping!

I bought this for my nephew. He really enjoys reading Kids Myths and noticed he didn't have 2 so I ordered it for him! He was so happy and continuing to learn!!

Great for a 2nd grade boy!

I purchased this for my 11-year-old son who loves random facts and trivia. He has really enjoyed it. My 8-year-old son has also really enjoyed this book.
