This was a great book that really allowed you to get to know Zendaya. The book is written for a young reader and my 3rd grader just loved it. She has been a BIG Zendaya fan for a long time now from watching her first on Disney to Dancing With The Stars and also listening to her music. The nice thing about this is the book humanizes Zendaya and allowed my daughter to see her in a new light while learning so much about her. Well written and fun, this was a great book that really shared much about a very intriguing young woman!\*I received this for review - all opinions are my own\*
