## Customer Reviews

Bought this book to get my son excited about reading- he is a avid sports fan and there are not a whole lot of books out there that cater to a young reader that is knowledgeable about sports. This book is fabulous at keeping my son interested, each night we read about another player and I quiz him after to check his comprehension. Because these are real people and real teams he is very interested and his comprehension is better than any fictional book we read.

Bought this book as a gift for my son. It is a nice book with nice color photos. The book is a lot thinner than I was expected. It is a nice quality book, nice color photos, arrived undamaged in a padded envelope. For the price, I would buy again but don't expect a very thick book.

My son saw this at the book fair at his school and hadnitnon his wish list. was selling it for less. He was happy with this very short informative book for baseball fans and card collectors.

My son loves all the players and says the pictures in this book are great. He thought it had a lot of good facts.

PERFECT
