## Customer Reviews

This calendar features many new and previously unseen images from the illustrator of the U.S. Harry Potter books â Mary GrandPrÃ©. If you enjoyed the now iconic original U.S. book covers (and who doesn't?) then you'll thoroughly enjoy these images which take up almost the entire 15" x 13" page. The days of the month are displayed in a slim line across the bottom. This set up is perfect for displaying it as a poster, but it's not very functional as a traditional calendar. Like 2014's calendar, images are printed on both sides of each page. I wish the paper was of a bit heavier stock, but it's thick enough that the reverse image is not visible. The calendar ships with a metal u-bend hanger that sits in the spiral binding. I really appreciate this since it allows you to hang the calendar without damaging it. I highly recommend this product to all Harry Potter and Mary GrandPrÃ© fans as long as you go in realizing this is not a traditional calendar for writing on and such. It does however make a fantastic wall poster.

This calendar doesn't actually have boxes you can write into. It just has the posters with a string of dates down at the bottom. So it looks great, but it isn't really practical.

Loved loved loved the illustrations but I thought this was a normal wall calendar with picture on top and open boxes (for the dates) on bottom...the calendar part (dates/days) are almost hidden! I understand the need and desire to showcase the amazing illustrations but this is not a standard wall calendar and should be said/described as such.

Five stars for the illustrations, they are beautiful, but I got this primarily to function as a calendar and with a literal 1-inch strip at the bottom of the illustration to display the dates of the month, this doesn't really serve that purpose. I'm not even really sure how to hang this, as the pages are back to back, so if you don't want the previous month showing upside down, you have to fold in half, thus creating a half-moon shape in the top middle; I guess I can get a clip to hold it up, or put nails through the spiral part...

If you love the Mare Grand Pre art for Harry Potter, you will love this. Her prints are pricey right, but I've gotten a couple. There are some new pictures I have not seen before too! I bought this just to keep the artwork. I was very excited to see the new artwork too. Have not seen one of these offered for a few years. I like the book art better than the movie pictures, so it depends on your preferences...

This is an absolutely beautiful calendar! The illustrations are so awesome and the calendar is big (oversized). I buy my kids calendars every year for Christmas and this is by far the best I've ever gotten. My daughter has probably had 4-5 Harry Potter calendars over the years and this is the nicest yet. I would definitely recommend to Harry Potter fans. Illustrations resemble those of the books covers (same illustrator).

This calendar is beautiful. The paper quality is also outstanding and has a matte finish as opposed to the glossy we're used to on calendars. What I love most is that the artwork is from different scenes in the book. It's not just a few original scenes and then all the book cover art, it's ALL unique and any Harry Potter fan would love it!

Beautiful. Larger than expected. I would've preferred different illustrations but these are really great. Can't really be used as a calendar though because there are no boxes to write in--there is just a line of numbers/letters at the bottom of the page denoting the date/day.
