I bought this for my son about a month ago to motivate him to read more. As he already has the first comic, and devoured it, (over and over again) this was eagerly awaited. Now he is anxiously waiting for the next one to come out. As I stated above, he has had this for about a month now and tosses it into his backpack every morning to take to school. A soft cover would never stand up to the abuse he has been putting it through. But this, being a hardcover, has absolutely no damage to it, or the glossy pages within. With all books released nowadays, I always worry that the binding will come loose, but there are no signs of giving at all. I am very pleased with this purchase and look forward to ordering the next as soon as possible.

this is typical comic book fare that my 9 year old loves. I read through it and surprisingly, there is nothing off-color or kid-inappropriate...as long as zombies wanting to eat brains is not considered inappropriate. and while there isn't anything particularly clever about the story/characters, my son reads it over and over again...so it was worth the purchase.

This is a good book for little comic book lovers. My eight year old son asked me for this and he didn't put it down until he finished it. He is on his third time reading it through now. He loves the pictures and the characters. This is a good value for a hardcover book

This is a really good deal. All 3 editions cost about \$4 in total. This book is decreased by two times. Super funny and awesome!!

It was pretty good but the little Boy is the worst dancer ever

Good dynamic artwork, storyline is a bit convoluted for little ones (time travel is a bit of a stretch for my 5 year old but he enjoyed it nonetheless). Big fan of the first book "Lawnmageddon" so got this one too.

I was so excited to find you sold Plants vs Zombies books. My 4 year old nephew is in love with this franchise and was over the moon when I presented him with this book. We've already read it literally 100 times. Thanks for making me the "Cool Aunt!"

I bought this for my 6 yo son and he loves it! He's read it over and over and over an e has only had it for 3 weeks! This one is a great price too! Wish all the others were this price!
