## Customer Reviews

Important: This is the second half of the Ocarina of Time manga, thus making it the second half of my review. If you would like to read the first half, you can either find it by going to the Ocarina of Time manga Part 1 product page, (I'll include a link to that page in the comments below, since I can't figure out how to post it in my review) and searching for my review under the same title as this review, but with "Part 1" at the end of the title, instead of "Part 2", or by clicking on my name and looking for it in my reviews (which would be much easier). In order to get the full detail about these books, please look there first, then come back and read this half of the review. Thank you. Please note: I received this book in the Akira Himekawa Zelda Manga Box Set I bought, rather than acquiring it separately, hence the fact it does not say "verified purchase" above my review. This

review may be long, so if you don't have the time to read it all, just read the last paragraph, where you will find a far less detailed, condensed version of my review. The Legend of Zelda: Ocarina of Time is possibly one of the most popular Zelda games, with many fans who love it passionately -- a great deal of whom feel it was the best Zelda game to date.
