## Customer Reviews

My 15 month old son loves this book! I originally found it used at Marshalls for like \$2 or something. It stopped working a couple months after so I just made the sounds myself. He would always go to his drawer and pull out this book. Eventually it ended up ripped and mangled so I ordered one here. When I unwrapped it and brought it out, he immediately recognized it, plopped down on the floor and started pushing the buttons! Definitely suggest for your little ones!

The sounds are accurate and the pictures are large and realistic. The pages are sturdy and easy for kids to turn. The only improvement I would suggest is if we could hear the name of the animal before its sound.

My daughter LOVES it!! It's bigger than I thought it would be and the sounds are loud and clear. I ended up ordering the jungle safari book like this and it's just as amazing. You won't be

disappointed.

This was pretty cute and funny. Especially the sheep noise. However several of the buttons are malfunctioning after limited use of this book. This is not due to baby's hands breaking anything. She's too little to hold/push the buttons. Also- the inclusion of the tractor may be slightly confusing to little ones when grouped in as the only non animal sound. I simply skip over the tractor. My biggest issue is the malfunctioning buttons.

Great little sound book. All the sounds are in the exact order as their corresponding pages. There are little facts on each page as well. Illustrations are beautiful. My son enjoys it, and his favorite is the chicken. I'm glad I bought this book.

Great book for my 2 grandsons! They are ages 12 months and 20 months and they really enjoyed the story and the sounds. They also were able to turn the pages themselves because of the page tabs at the top of each page. I also bought the Eric Carle book, but we all like this one better.

Excellent! Children love it! Sounds are realistic.

Fun book for my 7 mo old just learning cause and effect! He likes to push the buttons and hear the sounds that he creates. We read it to him, but at this point he likes the sounds best!
