Finding Dory Little Golden Book (Disney/Pixar Finding Dory)

Synopsis

The highly anticipated sequel to Disney/Pixar Finding Nemo, Disney/Pixar Finding Dory releases in theaters on June 17, 2016. The animated film reunites the friendly-but-forgetful blue tang fish with her loved ones, and everyone learns a few things about the true meaning of family along the way. This Little Golden Book retelling is perfect for boys and girls ages 2 to 5.

ISBN-10: 0736435115

ISBN-13: 978-0736435116

Product Dimensions: 6.6 x 0.2 x 8 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (48 customer reviews)

Best Sellers Rank: #1,362 in Books (See Top 100 in Books) #5 in [Books > Children's Books > Animals > Fish](#) #5 in [Books > Children's Books > Animals > Marine Life](#) #112 in [Books > Children's Books > Humor](#)

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

This is a very good summary. I'm skeptical about movies that are summarized into children's book, because sometimes the plot ends up choppy and over-edited. Not in this case -- the narrative flowed well enough and the layout of the pictures and text was suitable to keep a kid (my 4-year-old) entertained.

„, this is a very cute story I bought it for my two-year-old who is a huge saving Nemo fan with the release of the new movie were excitedly looking for anything with Dori on it she loved hearing about Dorries adventure and how she found her family spoiler alert if you don't want to know what happened in the movie this however is a cute bedtime story for children

Cute story that picks up after the events of Finding Nemo. It's a nice continuation on what happens

afterwards, and it makes things come full circle for everyone. Nice artwork within that is different from the Big Golden Book version.

the story is too long to be condensed into a little golden book. The result is that the story telling is not coherent. Many details were omitted and it felt like the plot was jumping around as I read it to my son. We read it once and he never asked for it again. In contrast, he reads all the little golden Thomas books again and again.

This book is an easy read and good length for a bed time story. I give it 4 stars because Bailey is only mentioned once and there are no illustrations of him at all. The book mentions the pipes, but does not go into detail about how Dory mustered up the confidence and courage to trust her instincts to find her way through them which was really key in Dory's journey.

I love little golden books and am happy to start collecting these newer stories so my grandkids can enjoy these new "classics" Same shape and size you have come to expect from Little Golden Books-Wonderful cute story about Dory!

I love having a Finding Dory book to hold off my Dory fan until the DVD comes out. We start out with the story but we also add in little parts we remember from the movie. Little Golden rocks as usual!

We have several of the Little Golden Disney books and our toddler (2.5 year old girl) loves them! They're easy to follow and hit most of the major points of the films, and she really enjoys getting to hear her favorite stories again and again. She is going through a MAJOR Nemo phase right now (highly recommend the Little Golden version of Finding Nemo!), so we pre-ordered the Little Golden version of Finding Dory and in the meantime, saw the film on opening weekend. We all loved the movie and our toddler did great in the theater! She retained a lot of the story, too. When our book came in the mail, she pointed to the stingray migration page and said "they're singing!" (They do sing in the movie!) My husband and I noticed Becky and Gerald and a few other minor aspects of the story weren't there, but otherwise liked the book with its illustrations and phrasing. ****SPOILER ALERT AHEAD**** However, we were so disappointed that the exciting climax where Hank and Dory drive the truck into the ocean was nowhere to be found in this version! The last page has a quick line about Dory being with her family and friends at last, and that's it. Our toddler, not missing anything, looked up at us and asked "Ossusspuss dwive a twuck?? Where truck?" Maybe that plot

element was deemed too frightening for Little Golden's young audience...? I can see why the scary glowing squid was left out, and the touch pool in Kid Zone, but not the silly and exciting truck scene. If your little one loved the movie, I would look into another more comprehensive version of the story. I've ordered the Big Golden one and hope to be happier with that.
