## Customer Reviews

I've always loved the characters of the Hundred Acre Wood, and this book is FABULOUS!!!! It's super cute and it's great for any Disney fanatic, the characters are in an easy to draw step-by-step form and you can easily adjust certain features if you want a slightly different look for a character. There are helpful tips alongside the drawings that will help you in drawing your characters, a great purchase :)

My daughter is a super big fan of Pooh Bear. We saw this drawing book for sale at Disney World in

the Magic Kingdom in the shop exiting the Winnie the Pooh ride but forgot to go back and get it. I was excited to find it on Amazon and ordered it for her for Christmas. She opened it this morning and was so excited. It is a simple drawing book but this is not for really young children. I think it's best for advanced young artists or children ages 7 and up because of the detail required to duplicate existing characters. I am afraid younger children may get discouraged because their Pooh Bear and friends don't look just like Disney's version. My daughter is 7 and we will work on this together a few times so she gets the hang of it. We're both excited about this book!

This 'How to Draw' book is great. If you love Winnie the Pooh and Friends or not it's interesting. And if you like to draw and did not know how they drew these characters, it's a wonderful teaching tool.

Bought this as a gift for my 8-year-old nephew for Christmas. I recently asked him if he liked it and if he'd drawn anything from it. He promptly ran and got his "Winnie the Pooh" drawing and excitedly exclaimed how he LOVED it. (Disclaimer: He went through an hour-long drawing class for kids at Disney World over the summer. But, I looked through this and the other Disney drawing book I bought him and believe I may even be able to draw something similar to these cartoons with these books.) Definitely, kid- and adult-approved.

these books are fantastic if u want to learn how to draw your favourite disney character they show u step by step what to do and even if u are not that good in time u get better i have tried it a few times and now i know how to draw my favourite charcters and they are really good beginner books

I received this on my birthday and I had loved it!It has the entire cast of Winnie the Pooh, which includes all 8 animal friends and Christopher Robin.In a sticky note manner, it tell of correct and incorrect drawing tips.I had bought this a few days back as part of my birthday gift for the party. It arrived on my actual birthday.

This book is adorable. The pages give very clear step by step instructions with samples on how to draw the Winnine the Pooh clan. Perfect for Winnie the Pooh fans who love drawing like my daughter!

Three year old grandchild loves trying to draw all the chracters from the Winnie the Pooh Stories. Helpful illustrations are encouraging the drawing attempts.
