Customer Reviews

Perfect!!! The gages are sturdy but not glossy so can be written on with ball point, gel pen, marker or pencil. There are two vertical columns maybe 1/2 in apart, pages about ten x five. Pictures are very lovely with a lot of butterfly detail. This will be attractive hanging on a wall all year long.....as , indeed, it is intended to do. Only negative is that the print for the dates is low contrast, a pink. Black would have made the dates show up more clearly. I may go over them with a gel pen, I think.Very glad I read reviews and avoided some other calendars that had glossy or flimsy pages. This calendar should last for many years. No more missing grandchildren's birthdays!!!

It is so nice to have a birthday calendar to keep all your family and friends birthdays close at hand. I

never have to go searching. When I forget a birthday, it is not because I forgot because of this calendar. The calendar reminds me daily that I am behind in sending my best wishes.

This calendar is beautiful and helps me to remember all my friends birthdays and events every year. Lovely to look at too.

Product as expected. Good delivery time.
