Customer Reviews

This is a great project to use with young children. The pages are sturdy and it is fun for the children to act out the story of Noah's ark after making the model.

When I purchased this, I thought that the ark and all the pieces would have been a punch out book. But it has to be cut out and then assembled. This is truly for an older child and parent to do together. I bought it for my grandson who is almost five and is named "Noah." I thought we could do it together but have not tackled the project yet and perhaps never will.
