Customer Reviews

Each grade level has 6 pages in which to record all sorts of childhood memories, both in and out of school. Topics include weight and height, favorite foods, best friends, favorite songs, birthday party happenings, hobbies, class trips and school vacation memories. You name it, it's covered in this book. There are big pockets to hold special papers and report cards, and spots for school pictures. There are also many Norman Rockwell illustrations throughout the book that help to make this a truly special keepsake!

I new it was going to be used, but was disappointed that it was written in. I love Norman Rockwell and love the book. My granddaughter will love it too as a keepsake when she is older and looks back at her school days.
