## Secret Keeper Girl Kit

## Synopsis

Before they hit the beach and flock to pool parties, teach your daughters about modesty, purity, and sexuality. The proven message of purity in Secret Keeper is now available for younger girls. The world seeks to empower women, but one of the greatest powers you can teach your daughter is the power of modesty. For girls 8-12 (and their mothers or small group leaders), Dannah Gresh brings the message of purity in a biblical, engaging and bonding way - CDs, diaries with stickers, and talking points! Pop the CD into the car system to hear greetings from Dannah Gresh and contemporary artist Rebecca St. James, and take off on a new adventure together. Moms will learn the key risk factors for girls, while Dannah's fun approach will appeal to young girls looking for a positive adult role model. Each chapter in the mom's book suggests a creative date where you treat yourselves to things like a facial, manicure, new outfit, tea party ... both mom and daughter will learn valuable lessons corresponding to each date.

## Customer Reviews

I'm starting this series of dates with both my 11 and 9 year old daughters after attending a mini-conference put on by the same group that published the book. The mother's book and the daughter's diary are set up well. Just enough information to outline a simple object lesson and then room to structure the date in a way that works for you--whether the date is out at a fancy restaurant or spa something more cost effective like your own home. My 11 year old likes the child's diary

especially, it has lots of blank lined paper at the very end for her to write in and room to add photos if you're a scrap booking fanatic. Both girls were a little self conscious at first with some of the suggestions. Getting a hand massage in a fancy restaurant was different, and my youngest was very nervous about the facial--but both are catching on to what the dates are intending to do--pamper & lavish attention on them. Enough that now they are reading ahead and looking forward to their own date time with me and actively making suggestions about what to do to make the date more special for them. The neat thing is that they don't realize that all this special time is helping them to build confidence in themselves. Something I wouldn't have said my girls were lacking in particular. But seeing how much these dates lift them up, I'm kind of amazed at how much some quality time with mom is doing for their confidence level (like super high quality time--time set aside & not intruded upon by anything else happening in the house.) A word of warning, following through with ALL the dates takes some planning & effort. The author does offer low cost alternatives, but there are some expenses that are unavoidable if you follow each date as outlined (especially the shopping date.
