Customer Reviews

Maybe all of the really great quotations have been used up, because I haven't found a keeper yet in the 2013 calendar. And the retro bikini babe with the guitar is on Every Single Page - she's wearing out her welcome with me.

I love this little desk calendar and buy it every year for the office! The quotes are great and it makes me smile. I also love the handy tips, puzzles, etc on the back of each page. I hope this is always around as I look forward to it every year!

I wanted something different. It's a kick to start each day with its quote. I couldn't find stores that were carrying even regular desk standup calendars. I have used it before, several years ago. In between I used a 'Peanuts' one that was given to me. I was bored with it! I like items made for Women! The size was perfect to fit by the telephone I usually use the most. Wild Words from Wild

Women 2013 Day-to-Day Calendar

My wife & I are enjoying this desk calendar each & every day. This is our 2nd year with it & also have the 2014 Wild Words From Wild Women ready for next year. It is very funny on most every day.

Very disappointing inside. A few gems here and there but generally extremely boring. Difficult to know what's inside when you buy based on the cover 'grabs' only.

Bought this for my sisters for Christmas. There were great quotes and nothing so inappropriate that they couldn't put this on their desk at work. Great product.
