Doodles (Angie's Patterns Volume 7)

Synopsis

Pattern artist Angie Grace brings you 50 delightfully detailed doodle coloring design patterns suitable for adults and older children. In this volume you'll find twists, turns and tantalizing twirls, all presented in Angie's unique and whimsical pattern art style. Artwork is printed on one side of the page only and has been drawn with marker artists and colored pencil fans in mind. (Crayon artists, keep your sharpener handy - or visit Angie's author page to find her special edition Doodles companion books that contain drawings sized perfectly for crayons and wide tipped markers.)

Customer Reviews

very nice, I order a lot of different color books, and this brand my first, this is great, its full of one sides pics, lots of times the pics are two sides and the color bleeds so you cannot color on the back side, these are very nice, so many pages! its huge!

I am obsessed with these books. Coloring has always been something I like to do, when my son was small I'd color with him using crayons in his coloring books. Imagine my suprise when I saw these books and found out it is fun to use pens and such. I am addicted, coloring at every possible moment!

These designs are one of a kind and hand drawn by Angie Grace. They are printed on one side of

the page so if you use markers and they bleed through, you won't lose a page. Each book contains 50 designs. Good quality paper, good designs and many hours of wonderful coloring.

I love Angie Grace coloring books. I own this one and love it. The quality of paper is great. The pages are one sided. The pages are not perforated but you can easily cut them out or remove the glue from the binding in the book to separate the pages. Great purchase!

I love this book. The details of the drawings are fun to color and the repetitive patterns are especially appealing to me. It's fun to copy these to card stock and color them more than once...you'll find different elements that speak to you and each picture will be unique.

I highly recommend the whole line of Angie Grace pattern books and I am on my way of getting every volume. The patterns are great and it will provide hours and hours of artsy fun!

Love the Angie's Patterns series -- there are 12 volumes. Nice squared size, good paper, and one-sided (nothing on the back). Perfect for a Sharpies colorist. :-)

I purchase these for a fellow teacher who taught an enrichment class called "Meditation". Best investment ever for calming a group of middle schoolers just before lunchtime. Most of them had not used a "coloring book" since first or second grade. The students actually looked forward to coming to class.
