## Synopsis

A coloring book is always a good book because it is ripe with benefits that are just waiting to be reaped. Among these are improved handwriting, hand and eye coordination, confidence, knowledge, focus and language development, too! Where else can you a child get all these benefits without the usual pressure experienced in a school setting? Only in coloring books!

## Customer Reviews

The Magic Coloring Book is a cute little SAMPLE coloring book filled with coloring pages with a magic theme  
The basics: Length - 27 pages in length Includes - Cover; 2 page Table of Contents; Title page; 4 pages of Ads; 5 pages of the Benefits of Coloring for Children; 14 coloring pages  
Number of coloring pages - 14 Size of coloring pages - anywhere from 1/4 of an 8.5"x11" page (magic lamp) to 1/2 of an 8.5"x11" page (most of the coloring pages in the book)  
List of coloring pages: Fairy with magic wand Octopus playing the piano Leprechaun sliding down a rainbow Mouse in a tea cup Crystal ball Genie with a big head Witch making a witches brew in a cauldron Star shaped magic wand Old hag witch Old wizard Horse Magic carpet Flower princess with wand Magic lamp  
Thoughts: Coloring page size - many of the images are too small and too detailed to color them in so they look nice once printed out, could have been larger Theme - while marketed as a magic theme, it has more of a fairy tale theme with an Aladdin vibe running through it (genie, lamp, carpet)  
Sample - not the entire book, only a sample of the pages in the actual hard copy of the book  
Number of pages - while listed as 106 pages, the total number of pages in this SAMPLE is 27, including 14 coloring pages  
It's a cute little coloring book with an interesting theme that goes beyond

unicorns, rainbows, and animals that seem to appear in most children's coloring books. Many of the images are too small to actually color in, and the fact that this is only a sample book rather than a full coloring book, despite being listed as 106 pages helped to determine my rating of this book
