African Punch-out masks. This book is a great example of african masks. These masks were made of wood and are a rare find due to the nature of wood. These masks weren't kept in moisture free containers and that is why this book is very useful as a reference source. Great example of the designs, patterns, colors and shapes. Principles and elements of Art. I would recommend this book to all people from the different fields of art/artisans.

These are beautiful masks. My 6th grade World Cultures students used them as examples for creating their own African masks.

My wall looks wonderful with the addition of the masks.
