## Customer Reviews

Horrible book. This was intended to be a gift, together with colouring pencils. When the book arrived and I looked through the it, it was so cheaply made and badly drawn I was too ashamed to even consider giving it as a gift.

Fairly disappointed in this product. The printing doesn't seem to be very high quality, and most of the designs look the same - almost like slight variations on the same swirly dragon drawing. None of the images on the inside are as neat looking as the dragon picture on the cover. They also don't take up very much of each page. I think my daughter will be disappointed when she receives it for Xmas.

This new coloring book rage is great for stress relief, time away from the television, books, ect. Quite

therapeutic in my opinion. I would recommend anyone buying these, give them a try.. See what you think..

Best dragon in whole book was on the cover. Same dragon in book repeated over and over in different pose. Reminded me more of a tattoo dragon design book. Not much for coloring

Not what I expected. I have bought other adult coloring books and they have small intricate designs. These look like normal coloring books.

Not impressed, they all look like tribal tattoos... Not really a great coloring book.

Waste of money. Don't bother. Really disappointing.

I got this coloring book for my 8 year old son and he loves how detailed they are and how awesome the picture looks when finished. I even got myself hooked on coloring these with him! Super fun and really great quality.
