# Happy Halloween, Curious George Tabbed Board Book

## Synopsis

Halloween is here, and Curious George is getting ready for the big night. There are so many costumes to try on, treats to share, and games to play! George has so much Halloween fun picking out the perfect pumpkin, decorating his house, and celebrating with his friends that he's not sure he's ready for the day to end. Follow the little monkey through his fun-filled day with this book of poems. Happy Halloween, Curious George is a sweet treat to help Curious George fans of all ages get in the Halloween spirit.

## Book Information

## Customer Reviews

We already had the tabbed Curious George Good Night Book and figured this would be a good one as well. My toddler loves the stories in this one too. Cute book. The tabs are great if you have a child who likes to turn the pages as you read. Would recommend.

We bought this book last week, as a way to introduce my 13 month old daughter to halloween. My husband and I spent a long time looking over all the Halloween books at a major chain book store, and finally settled on this one. I'm so glad we did! It gently sets up understanding for all the aspects of Halloween and has cute illustrations. We read the book twice before going to pick out our pumpkin, and my daughter recognized real life pumpkins right away, and got very excited! She doesn't yet know Curious George but loves the monkey pictures all over the book, and I swear she's

grasping the concept of the monkey dressing up like a cat, monster, etc. All the other other books we looked at didn't quite have all the dimensions of Halloween, and this fit the bill in a cute and gentle way. Pumpkins, costumes, decorations, Trick-or-Treating, parties, bobbing for apples, family and friends, it's all there. Can't go wrong. I'd recommend this book for 1-3 year old Halloween introductions. She loves to flip through it on her own, too, a good plus :)

My 2.5 year-old son loves George & Halloween, so naturally he loved this book. The size of the book is perfect for him to hold and he likes turning the pages himself, so the tabs are useful. I, on the other hand, didn't like it as much as the other tabbed Curious George book we have. Curious George Good Night Book (CGTV Tabbed Board Book) The colors aren't as vibrant, the style is older, and a few of the stories are just short poems. It doesn't flow as nicely as the other book.

I like this book! My son loves George and I was looking for some books to introduce him to the "lighter" side of Halloween. This book does the trick. The illustrations have just the feeling I was looking for -- pumpkins, autumn leaves, kids in costumes, but nothing creepy. The book is made up of several different "poems" and they each have their own meter and rhyme, which makes it a little awkward to read at first, but once you have gone through it a couple times you have it down and it flows more naturally.

My wife and I both loved Curious George as children, and bought this book to read to our 5 month old daughter. She enjoyed hearing the collection of short poems as much as her mother and I enjoyed reading them to her. She giggles and kicks her feet everytime we read it to her. We loved it so much, we bought the Christmas book today and will be buying the Good Night book shortly.

My 3 year old loves Curious George and this book was perfect to help get her excited about Halloween. I love how it rhymes and the pages are thick for her to turn.

All poems no story. Very disappointing. Was hoping for a great Curious George story. Sad it wasn't what I expected.
